The following information updates and supersedes the information in our Prospectus Supplement, Subject to Completion dated March 15, 2006, To Prospectus Dated February 3, 2004.

### Change in Offering Size

We are offering \$700,000,000 aggregate principal amount of 6.40% Senior Notes due 2016.

### Use of Proceeds

The net proceeds of this offering after deducting the underwriting discounts and commissions and estimated offering expenses payable by us, are expected to be approximately \$688.2 million. We intend to use a portion of the net proceeds to finance customer purchases of equipment, in lieu of borrowing under our existing senior secured loan agreements, and for other general corporate purposes, and may use a portion of the net proceeds to repay all or a portion of the \$300 million term loan tranche outstanding under the 2003 Credit Facility. The current interest rate applicable to the term loan tranche under the 2003 Credit Facility is 6.35%. The term loan tranche outstanding under the 2003 Credit Facility matures on September 30, 2008.

### Capitalization

The following numbers in the Adjusted column of the Capitalization table appearing on page S-14 of the preliminary prospectus are amended to read as follows:

Cash and cash equivalents (1)	\$ 2,010
Total cash, cash equivalents and short-term investments	2,254
Senior Notes due 2016	696
Total Debt	7,974
<b>Total Capitalization</b>	<b>\$15,996</b>

Footnote (1) to the Capitalization table is amended to read as follows:

(1) The net proceeds of this offering after deducting the underwriting discounts and commissions and estimated offering expenses payable by us, are expected to be approximately \$688.2 million. We intend to use a portion of the net proceeds to finance customer purchases of equipment, in lieu of borrowing under our existing senior secured loan agreements, and for other general corporate purposes, and may use a portion of the net proceeds to repay all or a portion of the \$300 million term loan tranche outstanding under the 2003 Credit Facility. ### Pro Forma Financial Data

- As of December 31, 2005, on a *pro forma* basis assuming the consummation of this offering, we would have had \$8.0 billion of debt, on a consolidated basis, of which \$3.5 billion would have been secured, and \$0.7 billion of liabilities to subsidiary trusts issuing preferred securities outstanding.
- As of December 31, 2005, on a *pro forma* basis giving effect to this offering and the application of the net proceeds therefrom, the Company would have had total debt of approximately \$4.2 billion, of which approximately \$308 million was secured debt solely of the Company and the Guarantor.

### Underwriting and Offering Expenses

Certain of the underwriters of this offering or their affiliates may receive repayments of amounts outstanding under our 2003 Credit Facility from the net proceeds of this offering.

We estimate that our total expenses of this offering will be approximately \$700,000.
