## Forward-Looking Statements

This Quarterly Report on Form 10-Q and any exhibits to this Report may contain “forward-looking statements” as defined in the Private Securities Litigation Reform Act of 1995. The words “anticipate,” “believe,” “estimate,” “expect,” “intend,” “will,” “should” and similar expressions, as they relate to us, are intended to identify forward-looking statements. These statements reflect management’s current beliefs, assumptions and expectations and are subject to a number of factors that may cause actual results to differ materially. These factors include but are not limited to: the risk that the future business operations of Global Imaging Systems (“GIS”) will not be successful; the risk that customer retention and revenue expansion goals for the GIS transaction will not be met and that disruptions from the GIS transaction will harm relationships with customers, employees and suppliers; the risk that unexpected costs will be incurred; the outcome of litigation and regulatory proceedings to which we may be a party; actions of competitors; changes and developments affecting our industry; quarterly or cyclical variations in financial results; development of new products and services; interest rates and cost of borrowing; our ability to maintain and improve cost efficiency of operations; changes in foreign currency exchange rates; changes in economic conditions, political conditions, trade protection measures, licensing requirements and tax matters in the foreign countries in which we do business; reliance on third parties for manufacturing of products and provision of services and other risks that are set forth in the “Risk Factors” section, the “Legal Proceedings” section, the “Management’s Discussion and Analysis of Financial Condition and Results of Operations” section and other sections of this Quarterly Report on Form 10-Q, as well as in our Quarterly Report on Form 10-Q for the quarter ended March 31, 2007 and our 2006 Form 10-K filed with the Securities and Exchange Commission (“SEC”). The company assumes no obligation to update any forward-looking statements as a result of new information or future events or developments, except as required by law.

**XEROX CORPORATION**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
**(Dollars in millions, except per-share data and where otherwise noted)**

**Note 1-Basis of Presentation**

References herein to “we,” “us,” “our,” the “Company” and “Xerox” refer to Xerox Corporation and its consolidated subsidiaries unless the context specifically requires otherwise.

We have prepared the accompanying unaudited Condensed Consolidated Financial Statements in accordance with the accounting policies described in our 2006 Annual Report to Shareholders, which is incorporated by reference in our 2006 Annual Report on Form 10-K (“2006 Annual Report”), and the interim reporting requirements of Form 10-Q. Accordingly, certain information and note disclosures normally included in annual financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted. You should read these Condensed Consolidated Financial Statements in conjunction with the Consolidated Financial Statements included in our 2006 Annual Report.

In our opinion, all adjustments which are necessary for a fair statement of financial position, operating results and cash flows for the interim periods presented have been made. Interim results of operations are not necessarily indicative of the results of the full year.

For convenience and ease of reference, we refer to the financial statement caption “Income before Income Taxes and Equity Income” as “pre-tax income.”

**Note 2-Recent Accounting Pronouncements**

**Income Taxes**

We adopted the provisions of FASB Interpretation No. 48, “Accounting for Uncertainty in Income Taxes – an Interpretation of FASB Statement No. 109” (“FIN 48”), on January 1, 2007. FIN 48 clarifies the accounting for uncertainty in income taxes by prescribing a minimum recognition threshold for a tax position taken or expected to be taken in a tax return that is required to be met before being recognized in the financial statements. FIN 48 also provides guidance on derecognition, measurement, classification, interest and penalties, accounting in interim periods, disclosure and transition. The cumulative effect of adopting FIN 48 of \$2 was recorded as a reduction to Retained earnings. The total amount of unrecognized tax benefits as of the date of adoption was \$287.

We have filed claims in certain jurisdictions to assert our position should the law be clarified by judicial means. At this point in time, we believe it is unlikely that we will receive any benefit from these claims but we will continue to analyze as the issues develop. Accordingly, we have not included any benefit for these claims in the amount of unrecognized tax benefits.

Included in the balance at adoption are \$59 of tax positions that are highly certain but for which there is uncertainty about the timing. Because of the impact of deferred tax accounting, other than interest and penalties, the disallowance of these positions would not affect the annual effective tax rate but would accelerate the payment of cash to the tax authority to an earlier period.

We recognize interest and penalties accrued on unrecognized tax benefits as well as interest received from favorable settlements within income tax expense. As of the date of adoption, we had \$28 of interest and penalties accrued associated with unrecognized tax benefits.

We file income tax returns in the U.S. federal jurisdiction and various foreign jurisdictions. In the U.S. we are no longer subject to U.S. federal income tax examinations by tax authorities for years before 2006. With respect to our major foreign jurisdictions, we are no longer subject to tax examinations by tax authorities before 2000.

## Other Pronouncements

In September 2006, the FASB issued SFAS No. 157, "Fair Value Measurements" ("FAS 157"). FAS 157 defines fair value, establishes a market-based framework or hierarchy for measuring fair value, and expands disclosures about fair value measurements. FAS 157 is applicable whenever another accounting pronouncement requires or permits assets and liabilities to be measured at fair value. FAS 157 does not expand or require any new fair value measures, however the application of this statement may change current practice. The requirements of FAS 157 are effective for our fiscal year beginning January 1, 2008. We are in the process of evaluating this guidance and therefore have not yet determined the impact that FAS 157 will have on our financial statements upon adoption.

In February 2007, the FASB issued SFAS No. 159, "The Fair Value Option for Financial Assets and Financial Liabilities – Including an Amendment of FASB Statement No. 115" ("FAS 159"). FAS 159 permits entities to choose to measure many financial instruments and certain other items at fair value. Entities that elect the fair value option will report unrealized gains and losses in earnings at each subsequent reporting date. The fair value option may be elected on an instrument-by-instrument basis, with few exceptions. FAS 159 also establishes presentation and disclosure requirements to facilitate comparisons between companies that choose different measurement attributes for similar assets and liabilities. The requirements of FAS 159 are effective for our fiscal year beginning January 1, 2008. We do not believe that the adoption of this statement will have a material effect on our financial condition or results of operations.

## Note 3-Acquisition of GIS

On May 9, 2007, we completed our tender offer for Global Imaging Systems, Inc. ("GIS"), a provider of office technology for small and medium businesses in the United States, and acquired 90.4% of GIS stock for cash consideration of \$29 per common share. On May 11, 2007, we acquired the remaining outstanding shares of GIS and GIS became a wholly-owned subsidiary of the Company. The acquisition of GIS expanded our access to the U.S. small and mid-size business market. The aggregate purchase price was approximately \$1.5 billion, consisting of cash paid for outstanding stock, vested employee stock options and restricted stock and direct transaction costs. In addition, in connection with the closing, we also repaid \$200 of GIS' outstanding bank debt. The acquisition and the repayment of the outstanding bank debt was funded through cash on hand, borrowing of \$300 under our bank revolving credit facility and borrowing of \$1 billion under an interim bridge credit facility. The interim bridge facility was subsequently repaid on May 17<sup>th</sup>, using the proceeds from our issuance of \$1.1 billion 5.50% Senior Notes due 2012, and terminated in accordance with its terms. The results of operations for GIS are included in our Condensed Consolidated Statements of Income as of May 9, 2007, the effective date of acquisition. Refer to Note 8-Segment Reporting for a discussion of the segment classification of GIS.

The total cost of the acquisition has been allocated to the assets acquired and the liabilities assumed based on their respective estimated fair values. Goodwill and other intangibles recorded in connection with the acquisition totaled \$1.7 billion. Aggregate amortization expense associated with the intangibles recorded in the second quarter of 2007, subsequent to the acquisition date, was \$4 based on estimated values for acquired intangible assets.

We are finalizing certain closing date adjustments, including the valuation of intangible assets acquired, therefore the allocation of the purchase price is subject to future refinement.

The preliminary estimated fair values of assets acquired and liabilities assumed at the acquisition date as reflected in the financial statements are as follows:

	<b>As of May 9, 2007</b>
Current assets (includes cash of \$2)	\$ 301
Other long-term assets	41
Intangible assets and goodwill	1,738
Total assets acquired	2,080
Current liabilities	156
Other long-term liabilities	393
Net assets acquired	\$ 1,531

[Table of Contents](#)

The unaudited pro forma results presented below include the effects of the GIS acquisition as if it had been consummated as of January 1, 2006. The pro-forma results include the amortization associated with the estimated value of acquired intangible assets and interest expense associated with debt used to fund the acquisition. However, pro forma results do not include any anticipated synergies or other expected benefits of the acquisition. Accordingly, the unaudited pro forma financial information below is not necessarily indicative of either future results of operations or results that might have been achieved had the acquisition been consummated as of January 1, 2006.

Through June 30, 2007, we have repurchased a cumulative total of 117,068 shares at a cost of \$1,791 (including associated fees of \$3) under these stock repurchase programs. In July 2007, 3,428 repurchased shares were cancelled upon the Board of Directors approval and were recorded as a reduction to both Common stock of \$3 and Additional paid-in-capital of \$61.

(2) As of June 30, 2007, Accumulated other comprehensive loss is composed of cumulative translation adjustments of (\$329), other unrealized gains of \$2, benefit plans net actuarial losses and prior service credit of (\$1,160) including our share of Fuji Xerox. The Fuji Xerox amount includes a charge of (\$5) for their initial adoption of SFAS 158, "Employers' Accounting for Defined Benefit Pension and Other Postretirement Plans, an amendment of FASB Statements No. 87, 88, 106 and 132(R)" ("FAS 158") as of its fiscal year-end of March 31, 2007.

Comprehensive income consists of:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2007	2006	2007	2006
Net Income	\$ 266	\$ 260	\$ 499	\$ 460

(2) Includes Finance income, as well as other interest income that is included in Other expenses, net in the Condensed Consolidated Statements of Income.

#### Note 8-Segment Reporting

Our reportable segments are consistent with how we manage the business and view the markets we serve. Our reportable segments are Production, Office, Developing Markets Operations (“DMO”) and Other. The Production and Office segments are centered around strategic product groups which share common technology, manufacturing and product platforms, as well as classes of customers.

The Production segment includes black-and-white products that operate at speeds over 90 pages per minute (“ppm”) excluding 95 ppm with an embedded controller and color products that operate at speeds over 40 ppm excluding 50 and 60 ppm products with an embedded controller. Products include the Xerox iGen3<sup>®</sup> digital color production press, Xerox Nuvera<sup>™</sup>, DocuTech<sup>®</sup>, DocuPrint<sup>®</sup> and DocuColor<sup>®</sup> families, as well as older technology light-lens products. These products are sold predominantly through direct sales channels in North America and Europe to Fortune 1000, graphic arts, government, education and other public sector customers.

The Office segment includes black-and-white products that operate at speeds up to 90 ppm as well as 95 ppm with an embedded controller and color products up to 40 ppm as well as 50 and 60 ppm products with an embedded controller. Products include the suite of CopyCentre<sup>®</sup>, WorkCentre<sup>®</sup>, and WorkCentre Pro digital multifunction systems, DocuColor color multifunction products, color laser, solid ink color printers and multifunction devices, monochrome laser desktop printers, digital and light-lens copiers, facsimile products and non-Xerox branded products with similar specifications. These products are sold through direct and indirect sales channels in North America and Europe to global, national and mid-size commercial customers as well as government, education and other public sector customers. Approximately 75% of GIS’ revenue is included in our Office segment representing those sales and services that align to our Office segment.

The DMO segment includes our operations in Latin America, Brazil, the Middle East, India, Eurasia, Central and Eastern Europe, and Africa. This segment’s sales consist of office and production products including a large proportion of office devices and printers that operate at speeds of 11-40 ppm. Management serves and evaluates these markets on an aggregate geographic basis, rather than on a product basis.

The segment classified as Other includes several units, none of which met the thresholds for separate segment reporting. This group primarily includes Xerox Supplies Business Group (predominantly paper), value-added services, Wide Format Systems, Xerox Technology Enterprises, royalty and licensing revenues, GIS network integration solutions and electronic presentation systems, equity net income and non-allocated Corporate items. Value-added services includes the results of our July 2006 acquisition of Amici LLC (now Xerox Litigation Services). Other segment profit (loss) includes the operating results from these entities, other less significant businesses, our equity income from Fuji Xerox, and certain costs which have not been allocated to the Production, Office and DMO segments, including non-financing interest as well as other items included in Other expenses, net.

Operating segment revenues and profitability for the three months ended June 30, 2007 and 2006 were as follows:

Equity in net income of Fuji Xerox is affected by certain adjustments to reflect the deferral of profit associated with intercompany sales. These adjustments may result in recorded equity income that is different from that implied by our 25% ownership interest. The six months ended June 30, 2007 include after-tax restructuring charges of \$23 primarily reflecting employee related costs as part of Fuji Xerox's continued cost-reduction actions to improve its competitive position.

**Note 10-Debt**

On April 30, 2007, we amended and restated our \$1.25 billion unsecured revolving credit facility that was originally entered into in April 2006 (the "2006 Credit Facility"). The amended and restated facility (the "2007 Credit Facility") increased the maximum amount available for borrowing to \$2 billion and includes a \$300 letter of credit subfacility. The 2007 Credit Facility includes provisions that would allow us to increase the overall size of the facility to an aggregate amount not to exceed \$2.5 billion. The 2007 Credit Facility matures on April 30, 2012, although we have the right to request a one year extension on each of the first and second anniversaries of the facility.

In May 2007, we issued \$1.1 billion of Senior Notes due 2012 (the "2012 Senior Notes") at 99.613 percent of par, resulting in net proceeds of \$1,088. The 2012 Senior Notes accrue interest at the rate of 5.50% per annum, payable semiannually, and as a result of the discount, have a weighted average effective interest rate of 5.590%. In conjunction with the issuance of the 2012 Senior Notes, debt issuance costs of \$7 were deferred. The 2012 Senior Notes are subordinated to our secured indebtedness and rank equally with our other existing senior unsecured indebtedness.

Refer to Note 3-Acquisition of GIS for a discussion on the funding of the GIS acquisition including the use of an interim bridge credit facility.

During the six months ended June 30, 2007, we made contributions of \$55 and \$46 to our pension plans and our other post-retirement benefit plans, respectively. We expect to contribute an additional \$75 to our pension plans and \$54 to our other post-retirement benefit plans in 2007 for a total of \$130 for pension plans and \$100 for other post-retirement benefit plans. The 2007 expected pension plan contributions do not include any planned contribution for our domestic tax qualified plans as there are no required contributions to these plans for the 2007 fiscal year. However, we are currently assessing the benefit of additional contributions based on the January 1, 2007 actuarial valuations and projected results as of the end of the 2007 measurement year. Based on this assessment, we may voluntarily decide to contribute to these plans, even though no contribution is required.

**Note 13-Contingencies**

*Indemnification of Officers and Directors:* Our corporate by-laws require that, except to the extent expressly prohibited by law, we must indemnify Xerox Corporation's officers and directors against judgments, fines, penalties and amounts paid in settlement, including legal fees and all appeals, incurred in connection with civil or criminal action or proceedings, as it relates to their services to Xerox Corporation and our subsidiaries. Although the by-laws provide no limit on the amount of indemnification, we may have recourse against our insurance carriers for certain payments made by us. However, certain indemnification payments may not be covered under our directors' and officers' insurance coverage. In addition, we indemnify certain fiduciaries of our employee benefit plans for liabilities incurred in their service as fiduciary whether or not they are officers of the Company.

**Other contingencies**

*Brazil Tax and Labor Contingencies:* Our Brazilian operations are involved in various litigation matters and have received, or been the subject of, numerous governmental assessments related to indirect and other taxes as well as disputes associated with former employees and contract labor. The tax matters, which comprise a significant portion of the total contingencies, principally relate to claims for taxes on the internal transfer of inventory, municipal service taxes on rentals and gross revenue taxes. We are disputing these tax matters and intend to vigorously defend our position. Based on the opinion of legal counsel, we do not believe that the ultimate resolution of these matters will materially impact our results of operations, financial position or cash flows. The labor matters principally relate to claims made by former employees and contract labor for the equivalent payment of all social security and other related labor benefits, as well as consequential tax claims, as if they were regular employees. As of June 30, 2007, the total amounts related to the unreserved portion of the tax and labor contingencies, inclusive of any related interest, amounted to approximately \$1,060, with the change from December 31, 2006 balance of \$960 primarily related to indexation, interest and currency. In connection with the

## [Table of Contents](#)

above proceedings, customary local regulations may require us to make escrow cash deposits or post other security of up to half of the total amount in dispute. As of June 30, 2007, we had \$178 of escrow cash deposits for matters we are disputing and there are liens on certain Brazilian assets with a net book value of \$61 and additional letters of credit of approximately \$67. Generally, any escrowed amounts would be refundable and any liens would be removed to the extent the matters are resolved in our favor. We routinely assess all these matters as to probability of ultimately incurring a liability against our Brazilian operations and record our best estimate of the ultimate loss in situations where we assess the likelihood of an ultimate loss as probable of occurring.

### **Legal Matters**

As more fully discussed below, we are involved in a variety of claims, lawsuits, investigations and proceedings concerning securities law, intellectual property law, environmental law, employment law and the Employee Retirement Income Security Act ("ERISA"). We determine whether an estimated loss from a contingency should be accrued by assessing whether a loss is deemed probable and can be reasonably estimated. We assess our potential liability by analyzing our litigation and regulatory matters using available information. We develop our views on estimated losses in consultation with outside counsel handling our defense in these matters, which involves an analysis of potential results, assuming a combination of litigation and settlement strategies. Should developments in any of these matters cause a change in our determination as to an unfavorable outcome and result in the need to recognize a material accrual, or should any of these matters result in a final adverse judgment or be settled for significant amounts, they could have a material adverse effect on our results of operations, cash flows and financial position in the period or periods in which such change in determination, judgment or settlement occurs.

#### **Litigation Against the Company:**

*In re Xerox Corporation Securities Litigation:* A consolidated securities law action (consisting of 17 cases) is pending in the United States District Court for the District of Connecticut. Defendants are the Company, Barry Romeril, Paul Allaire and G. Richard Thoman. The consolidated action purports to be a class action on behalf of the named plaintiffs and all other purchasers of common stock of the Company during the period between October 22, 1998 through October 7, 1999 ("Class Period"). The amended consolidated complaint in the action alleges that in violation of Section 10(b) and/or 20(a) of the Securities Exchange Act of 1934, as amended ("1934 Act"), and SEC Rule 10b-5 thereunder, each of the defendants is liable as a participant in a fraudulent scheme and course of business that operated as a fraud or deceit on purchasers of the Company's common stock during the Class Period by disseminating materially false and misleading statements and/or concealing material facts relating to the defendants' alleged failure to disclose the material negative impact that the April 1998 restructuring had on the Company's operations and revenues. The amended complaint further alleges that the alleged scheme: (i) deceived the investing public regarding the economic capabilities, sales proficiencies, growth, operations and the intrinsic value of the Company's common stock; (ii) allowed several corporate insiders, such as the named individual defendants, to sell shares of privately held common stock of the Company while in possession of materially adverse, non-public information; and (iii) caused the individual plaintiffs and the other members of the purported class to purchase common stock of the Company at inflated prices. The amended consolidated complaint seeks unspecified compensatory damages in favor of the plaintiffs and the other members of the purported class against all defendants, jointly and severally, for all damages sustained as a result of defendants' alleged wrongdoing, including interest thereon, together with reasonable costs and expenses incurred in the action, including counsel fees and expert fees. On September 28, 2001, the Court denied the defendants' motion for dismissal of the complaint. On November 5, 2001, the defendants answered the complaint. On or about January 7, 2003, the plaintiffs filed a motion for class certification. Xerox and the individual defendants filed their opposition to that motion on June 28, 2005. On or about November 8, 2004, the International Brotherhood of Electrical Workers Welfare Fund of Local Union No. 164 ("IBEW") filed a motion to intervene as a named plaintiff and class representative. Separately, on June 8, 2005, IBEW and Robert W. Roten ("Roten") moved to substitute as lead plaintiffs and proposed class representatives. On May 12, 2006, the Court denied, without prejudice to refiling, plaintiffs' motion for class certification, IBEW's motion to intervene and serve as named plaintiff and class representative, and IBEW and Roten's joint motion to substitute as lead plaintiffs and proposed class representatives. The Court also ordered the parties to submit to it a notice to certain putative class members to inform them of the circumstances surrounding the withdrawal of several lead plaintiffs, and to advise them of the opportunity to express their desire to serve as a representative of the putative class. On July 25, 2006, the Court so-ordered a form of notice, and plaintiffs thereafter distributed the notice. Thereafter, Roten, Robert Agius ("Agius") and Georgia Stanley ("Stanley") filed applications to be considered lead plaintiff. On November 13, 2006, IBEW, Roten, Agius and Stanley filed a motion for appointment as additional lead plaintiffs. Defendants filed their response on November 28, 2006. On February 2, 2007, the Court granted the motion of IBEW, Roten, Agius and

## [Table of Contents](#)

Stanley and appointed them as additional lead plaintiffs. On February 15, 2007, lead plaintiffs IBEW, Roten, Agius, Stanley and Thomas Dalberth filed their renewed motion for class certification. On July 18, 2007, the Court entered an order denying plaintiffs' renewed motion for class certification, without prejudice to renewal after the Court holds a pre-filing conference to identify factual disputes the Court will be required to resolve in ruling on the motion. The parties are currently engaged in discovery. The individual defendants and we deny any wrongdoing and are vigorously defending the action. Based on the stage of the litigation, it is not possible to estimate the amount of loss or range of possible loss that might result from an adverse judgment or a settlement of this matter.

*Carlson v. Xerox Corporation, et al.*: A consolidated securities law action (consisting of 21 cases) is pending in the United States District Court for the District of Connecticut against the Company, KPMG and Paul A. Allaire, G. Richard Thoman, Anne M. Mulcahy, Barry D. Romeril, Gregory Tayler and Philip Fishbach. On September 11, 2002, the Court entered an endorsement order granting plaintiffs' motion to file a third consolidated amended complaint. The defendants' motion to dismiss the second consolidated amended complaint was denied, as moot. According to the third consolidated amended complaint, plaintiffs purport to bring this case as a class action on behalf of an expanded class consisting of all persons and/or entities who purchased Xerox common stock and/or bonds during the period between February 17, 1998 through June 28, 2002 and who were purportedly damaged thereby ("Class"). The third consolidated amended complaint sets forth two claims: one alleging that each of the Company, KPMG, and the individual defendants violated Section 10(b) of the 1934 Act and SEC Rule 10b-5 thereunder; the other alleging that the individual defendants are also allegedly liable as "controlling persons" of the Company pursuant to Section 20(a) of the 1934 Act. Plaintiffs claim that the defendants participated in a fraudulent scheme that operated as a fraud and deceit on purchasers of the Company's common stock and bonds by disseminating materially false and misleading statements and/or concealing material adverse facts relating to various of the Company's accounting and reporting practices and financial condition. The plaintiffs further allege that this scheme deceived the investing public regarding the true state of the Company's financial condition and caused the plaintiffs and other members of the alleged Class to purchase the Company's common stock and bonds at artificially inflated prices, and prompted a SEC investigation that led to the April 11, 2002 settlement which, among other things, required the Company to pay a \$10 penalty and restate its financials for the years 1997-2000 (including restatement of financials previously corrected in an earlier restatement which plaintiffs contend was improper). The third consolidated amended complaint seeks unspecified compensatory damages in favor of the plaintiffs and the other Class members against all defendants, jointly and severally, including interest thereon, together with reasonable costs and expenses, including counsel fees and expert fees. On December 2, 2002, the Company and the individual defendants filed a motion to dismiss the complaint. On July 13, 2005, the Court denied the motion. On October 31, 2005, the defendants answered the complaint. On January 19, 2006, plaintiffs filed a motion for class certification. On July 18, 2007, the Court entered an order denying plaintiffs' motion for class certification, without prejudice to renewal after the Court holds a pre-filing conference to identify factual disputes the Court will be required to resolve in ruling on the motion. Plaintiffs have filed notices of withdrawal of proposed class representatives Sol Sachs, Leonard Nelson and Fernan Cepero. The Court has approved plaintiffs' notice of withdrawal of proposed class representative Fernan Cepero. The parties are engaged in discovery. The individual defendants and we deny any wrongdoing and are vigorously defending the action. Based on the stage of the litigation, it is not possible to estimate the amount of loss or range of possible loss that might result from an adverse judgment or a settlement of this matter.

*Florida State Board of Administration, et al. v. Xerox Corporation, et al.*: A securities law action brought by four institutional investors, namely the Florida State Board of Administration, the Teachers' Retirement System of Louisiana, Franklin Mutual Advisers and PPM America, Inc., is pending in the United States District Court for the District of Connecticut against the Company, Paul Allaire, G. Richard Thoman, Barry Romeril, Anne Mulcahy, Philip Fishbach, Gregory Tayler and KPMG. The plaintiffs bring this action individually on their own behalves. In an amended complaint filed on October 3, 2002, one or more of the plaintiffs allege that each of the Company, the individual defendants and KPMG violated Sections 10(b) and 18 of the 1934 Act, SEC Rule 10b-5 thereunder, the Florida Securities Investors Protection Act, Fl. Stat. ss. 517.301, and the Louisiana Securities Act, R.S. 51:712(A). The plaintiffs further claim that the individual defendants are each liable as "controlling persons" of the Company pursuant to Section 20 of the 1934 Act and that each of the defendants is liable for common law fraud and negligent misrepresentation. The complaint generally alleges that the defendants participated in a scheme and course of conduct that deceived the investing public by disseminating materially false and misleading statements and/or concealing material adverse facts relating to the Company's financial condition and accounting and reporting practices. The plaintiffs contend that in relying on false and misleading statements allegedly made by the defendants, at various times from 1997 through 2000 they bought shares of the Company's common stock at artificially inflated prices. As a result, they allegedly suffered aggregated cash losses in excess of \$200. The plaintiffs further contend that the alleged fraudulent scheme prompted a SEC investigation that led to the April 11, 2002 settlement which, among other things, required the Company to pay a \$10 penalty and restate its financials

## [Table of Contents](#)

for the years 1997-2000 including restatement of financials previously corrected in an earlier restatement which plaintiffs contend was false and misleading. The plaintiffs seek, among other things, unspecified compensatory damages against the Company, the individual defendants and KPMG, jointly and severally, including prejudgment interest thereon, together with the costs and disbursements of the action, including their actual attorneys' and experts' fees. On December 2, 2002, the Company and the individual defendants filed a motion to dismiss all claims in the complaint that are in common with the claims in the Carlson action. On July 13, 2005, the Court denied the motion. On December 9, 2005, the defendants moved to dismiss claims based on issues uniquely related to plaintiffs. That motion has been fully briefed, but has not been argued before the Court. The Court has not issued a ruling. The parties are engaged in discovery. The individual defendants and we deny any wrongdoing and are vigorously defending the action. Based on the stage of the litigation, it is not possible to estimate the amount of loss or range of possible loss that might result from an adverse judgment or a settlement of this matter.

*In Re Xerox Corp. ERISA Litigation:* On July 1, 2002, a class action complaint captioned Patti v. Xerox Corp. et al. was filed in the United States District Court for the District of Connecticut (Hartford) alleging violations of the ERISA. Three additional class actions (Hopkins, Uebele and Saba) were subsequently filed in the same court making substantially similar claims. On October 16, 2002, the four actions were consolidated as In Re Xerox Corporation ERISA Litigation. On November 15, 2002, a consolidated amended complaint was filed. A fifth class action (Wright) was filed in the District of Columbia. It has been transferred to Connecticut and consolidated with the other actions. The purported class includes all persons who invested or maintained investments in the Xerox Stock Fund in the Xerox 401(k) Plans (either salaried or union) during the proposed class period, May 12, 1997 through November 15, 2002, and allegedly exceeds 50,000 persons. The defendants include Xerox Corporation and the following individuals or groups of individuals during the proposed class period: the Plan Administrator, the Board of Directors, the Fiduciary Investment Review Committee, the Joint Administrative Board, the Finance Committee of the Board of Directors, and the Treasurer. The complaint claims that all the foregoing defendants were fiduciaries of the Plan under ERISA and, as such, were obligated to protect the Plan's assets and act in the interest of Plan participants. The complaint alleges that the defendants failed to do so and thereby breached their fiduciary duties. Specifically, plaintiffs claim that the defendants failed to provide accurate and complete material information to participants concerning Xerox stock, including accounting practices which allegedly artificially inflated the value of the stock, and misled participants regarding the soundness of the stock and the prudence of investing their retirement assets in Xerox stock. Plaintiffs also claim that defendants failed to invest Plan assets prudently, to monitor the other fiduciaries and to disregard Plan directives they knew or should have known were imprudent, and failed to avoid conflicts of interest. The complaint does not specify the amount of damages sought. However, it asks that the losses to the Plans be restored, which it describes as "millions of dollars." It also seeks other legal and equitable relief, as appropriate, to remedy the alleged breaches of fiduciary duty, as well as interest, costs and attorneys' fees. Defendants filed a motion to dismiss the complaint for failure to state claim. The plaintiffs subsequently filed a motion for class certification and a motion to commence discovery. Defendants opposed both motions, contending that both are premature before there is a decision on their motion to dismiss. On March 31, 2006, the Court granted defendants' motion to postpone consideration of class certification pending disposition of defendants' motion to dismiss, and granted plaintiffs' motion to commence formal discovery. On April 17, 2007, the Court ruled on the motion to dismiss, granting it in part and denying it in part, and giving the plaintiffs an opportunity to replead. In essence, the Court stated that the class period does not extend past the date on which the complaint was filed, November 15, 2002. The Court also required the plaintiffs to plead with greater specificity with regard to which defendants are alleged to have breached which duties, and granted the motion with respect to the duty of loyalty count, agreeing with defendants that ERISA does not require fiduciaries to avoid conflicts of interest but rather sets a loyalty standard to which fiduciaries must adhere when faced with a conflict of interest. However, the Court did give the plaintiffs leave to replead the duty of loyalty count. Further, the Court granted the motion as to plaintiffs' prayer for relief seeking to enjoin the defendants from violating ERISA, holding that an injunction must be more specific than a simple command that the defendants obey the law. The Court denied the motion as to the prudence count and the monitoring count, ruling that further fact development is needed as to those counts, and, on the disclosure count, determined that plaintiffs have set forth a claim, rejecting defendants' assertion that SEC filings made by the Company in its corporate capacity and required by the federal securities laws cannot be the basis of a fiduciary breach under ERISA even if subsequently included in disclosures made directly to plan participants. Finally, the Court held that the plaintiffs are not precluded from pursuing their claims under section 502(a)(2) merely because any recovery will not be shared by all participants in the plan but rather by a sub-class of participants who had invested in Xerox stock during the class period. Also on April 17, 2007, the Court denied plaintiffs' motion to certify a class and said that subject needs to be addressed in a scheduling conference that the Court will convene in the future. The plaintiffs subsequently filed a Second Consolidated Amended Complaint, alleging that some or all defendants breached their ERISA fiduciary duties during 1997-2002 by (1) maintaining the Xerox Stock Fund as an

investment option under the Plan; (2) failing to monitor the conduct of Plan fiduciaries; and (3) misleading Plan participants about Xerox stock as an investment option under the Plans. On July 18, 2007, Defendants answered the new complaint and also filed a partial motion to dismiss. Discovery is underway. The Company and the other defendants deny any wrongdoing and will continue to vigorously defend the action. At this stage of the litigation, it is not possible to estimate the amount of loss or range of possible loss that might result from an adverse judgment or a settlement of this matter.

*Digwamaje et al. v. IBM et al.*: A purported class action was filed in the United States District Court for the Southern District of New York on September 27, 2002. Service of the First Amended Complaint on the Company was deemed effective as of December 6, 2002. On March 19, 2003, Plaintiffs filed a Second Amended Complaint that eliminated a number of corporate defendants but was otherwise identical in all material respects to the First Amended Complaint. The defendants include Xerox and a number of other corporate defendants who are accused of providing material assistance to the apartheid government in South Africa from 1948 to 1994, by engaging in commerce in South Africa and with the South African government and by employing forced labor, thereby violating both international and common law. Specifically, plaintiffs claim violations of the Alien Tort Claims Act, the Torture Victims Protection Act and RICO. They also assert human rights violations and crimes against humanity. Plaintiffs seek compensatory damages in excess of \$200 billion and punitive damages in excess of \$200 billion. The foregoing damages are being sought from all defendants, jointly and severally. Xerox filed a motion to dismiss the Second Amended Complaint. Oral argument of the motion was heard on November 6, 2003. By Memorandum Opinion and Order filed November 29, 2004, the Court granted the motion to dismiss. A clerk's judgment of dismissal was filed on November 30, 2004. On December 27, 2004, the Company received a notice of appeal dated December 24, 2004. On February 16, 2005, the parties filed a stipulation withdrawing the December 24, 2004 appeal on the ground that the November 30, 2004 judgment of dismissal was not appealable. On March 28, 2005, Plaintiffs submitted a letter requesting permission to file a motion for leave to file an amended and consolidated complaint. By Summary Order filed April 6, 2005, the Court denied the request. In a second Summary Order filed the same day, the Court amended its November 29, 2004, Opinion and Order, which dismissed the action, so as to render the Opinion and Order appealable and plaintiffs filed a new appeal on May 3, 2005. On August 19, 2005, plaintiffs-appellants filed their brief in the Second Circuit Court of Appeals. On October 4, 2005, defendants-appellees filed their brief in the Second Circuit Court of Appeals. Oral argument in the Second Circuit Court of Appeals was held on January 24, 2006. Xerox denies any wrongdoing and is vigorously defending the action. Based upon the stage of the litigation, it is not possible to estimate the amount of loss or range of possible loss that might result from an adverse judgment or a settlement of this matter.

*Arbitration between MPI Technologies, Inc. and Xerox Canada Ltd. and Xerox Corporation*: In an arbitration proceeding the hearing of which commenced on January 18, 2005, MPI Technologies, Inc. and MPI Tech S.A. (collectively "MPI") sought damages from Xerox Corporation and Xerox Canada Ltd. ("XCL") for royalties owed under a license agreement made as of March 15, 1994 between MPI and XCL (the "Agreement") and breach of fiduciary duty, breach of confidence, equitable royalties and punitive damages and disgorgement of profits and injunctive relief with respect to a claim of copyright infringement. On September 9, 2005, the arbitration panel rendered its decision, holding in part that the Agreement had been assigned to Xerox and that no punitive damages should be granted, and awarded MPI approximately \$89, plus interest thereon. On December 12, 2005, the arbitration panel rendered its decision on the applicable rate of pre-judgment interest resulting in an award of \$13 for pre- and post-judgment interest. In June 2006, Xerox's application for judicial review of the award, seeking to have the award set aside in its entirety, was heard by the Ontario Superior Court in Toronto. The Ontario Superior Court issued a decision on November 30, 2006 dismissing Xerox's appeal. In December 2006, Xerox released all monies and software it had placed in escrow prior to its application for review in satisfaction of the arbitration panel's final award. On January 30, 2007, Xerox and XCL served an arbitration claim against MPI seeking a declaratory award concerning the preclusive effect of the remedy awarded by the prior arbitration panel. On March 27, 2007, MPI delivered to Xerox a statement of defense and counterclaim in response to Xerox's arbitration claim. MPI claims entitlement to an unspecified amount of damages for royalties. In addition, MPI claims damages of \$50 for alleged "misuse" of its licensed software by Xerox after December 2006. MPI also claims entitlement to unspecified amounts of pre and post-judgment interest and its costs of the arbitration. Xerox delivered a reply and answer to MPI's defense and counterclaim on May 29, 2007 and MPI delivered a Reply to that pleading on July 5, 2007. Based on the stage of the proceeding, it is not possible to estimate the amount of any material loss or range of material loss that might result from any adverse resolution of any of the claims advanced in such counterclaim.

*National Union Fire Insurance Company v. Xerox Corporation, et al.*: On October 24, 2003, a declaratory judgment action was filed in the Supreme Court of the State of New York, County of New York against the Company and several current and former officers and/or members of the Board of Directors. Plaintiff claims that it

issued an Excess Directors & Officers Liability and Corporate Reimbursement Policy to the Company in reliance on information from the Company that allegedly misrepresented the Company's financial condition and outlook. The policy at issue provides for \$25 of coverage as a component of the company reimbursement portion of an insurance program that provides for up to \$135 coverage (after deductibles and coinsurance and subject to other policy limitations and requirements) over a three-year period. However, \$10 of the entire amount may be unavailable due to the liquidation of one of the other insurers. Plaintiff seeks judgment (i) that it is entitled to rescind the policy as void from the outset; (ii) in the alternative, limiting coverage under the policy and awarding plaintiff damages in an unspecified amount representing that portion of any required payment under the policy that is attributable to the Company's and the individual defendants' own misconduct; and (iii) for the costs and disbursement of the action and such other relief as the court deems just and proper. On December 19, 2003, the Company and individual defendants moved to dismiss the complaint. On November 10, 2004, the Court issued an opinion partially granting and partially denying the motions. Among other things, the Court granted the motions to dismiss all of the claims for rescission and denied plaintiff's request to replead. The Court denied the Company's and some of the individual defendants' motions to dismiss certain claims that seek to limit coverage based on particular provisions in the policy and that at least in part related to settlement with the SEC. Plaintiff filed notices of appeal on January 10, 2005 and February 11, 2005. By order entered on January 3, 2006, the Appellate Division affirmed the portions of the Court's November 10, 2004 decision which dismissed several of plaintiff's claims and denied leave to replead. On February 2, 2006, plaintiff moved for reargument or for leave to appeal to the Court of Appeals. On May 30, 2006, the Appellate Division denied plaintiff's motion. Separately, on February 22, 2005, the defendants filed a motion seeking dismissal of any remaining claims in light of Xerox's representation that it will not seek coverage from plaintiff for settlement payments to the SEC. By order dated July 12, 2005, the Court denied the motion. On August 23, 2005, defendants moved for leave to reargue the February 22 motion and separately moved for leave to renew the December 19, 2003 motions. On April 10, 2006, the Court issued an order granting those motions, dismissing one cause of action and partially dismissing the two other causes of action that were the subject of those motions. Subsequently, at a status conference on May 4, 2006, the parties appeared before the Court and discussed inconsistencies between the Court's April 10, 2006 order and its November 10, 2004 decision. As a result, on May 5, 2006 the Court executed an order, which was later rendered on July 27, 2006, withdrawing the April 10, 2006 order and substituting a new order which clarified and confirmed the dismissal of all claims asserted in the original complaint. On August 31, 2006, plaintiff filed a notice of appeal (to the Appellate Division) of the May 5, 2006 order and subsequently filed a withdrawal of such notice of appeal, without prejudice, dated May 11, 2007. On September 5, 2006, plaintiff served a motion to the Court of Appeals seeking leave to appeal directly to that court from the May 5, 2006 order, and seeking review of the Appellate Division's January 3, 2006 order. On November 20, 2006, the Court of Appeals denied plaintiff's motion. Plaintiff had earlier filed an amended complaint on February 27, 2006, naming all defendants named in the original complaint and adding four causes of action against Xerox only, as well as a demand for unspecified monetary relief. On May 11, 2006, Xerox served its motion to dismiss the amended complaint and for sanctions. On August 2, 2006, the Court granted Xerox's motion to dismiss and for sanctions. All claims asserted by National Union now have been dismissed. In accordance with the Court's instructions during the August 2, 2006 oral argument, Xerox submitted an affidavit, sworn to on August 16, 2006, specifying the precise amount of fees and sanctions requested by Xerox. On September 11, 2006, National Union submitted an opposition to Xerox's specific request for fees and sanctions and requested a hearing before the Court. The Court has not scheduled a hearing on the fees issues, nor has it issued a decision.

*Warren, et al. v. Xerox Corporation*: On March 11, 2004, the United States District Court for the Eastern District of New York entered an order certifying a nationwide class of all black salespersons employed by Xerox from February 1, 1997 to the present under Title VII of the Civil Rights Act of 1964, as amended, and the Civil Rights Act of 1871. The suit was commenced on May 9, 2001 by six black sales representatives. The plaintiffs allege that Xerox has engaged in a pattern or practice of race discrimination against them and other black sales representatives by assigning them to less desirable sales territories, denying them promotional opportunities, and paying them less than their white counterparts. Although the complaint does not specify the amount of damages sought, plaintiffs do seek, on behalf of themselves and the classes they seek to represent, front and back pay, compensatory and punitive damages, and attorneys' fees. We deny any wrongdoing. Fact discovery has concluded and expert reports have been exchanged. Following three days of mediation with a private mediator, a tentative settlement agreement was reached, the terms of which are not material to Xerox. On March 16, 2007, the parties submitted the settlement agreement to the Court for preliminary approval. At a status conference held on June 6, 2007, the judge indicated that he would not approve the current version of the settlement agreement. He is concerned that the named plaintiffs may be receiving a disproportionate amount of damages as compared to the other class members. He has directed the parties to revise this aspect of the agreement and bring it back to him. If preliminary approval is obtained, the agreement will then be subject to a fairness hearing at which any objections to the agreement shall be heard. If the Court still finds the agreement to be acceptable, it will give its final approval and administration of the settlement shall commence.

### Other Matters:

It is our policy to promptly and carefully investigate, often with the assistance of outside advisers, allegations of impropriety that may come to our attention. If the allegations are substantiated, appropriate prompt remedial action is taken. When and where appropriate, we report such matters to the U.S. Department of Justice and to the SEC, and/or make public disclosure.

*India:* In recent years we have become aware of a number of matters at our Indian subsidiary, Xerox Modicorp Ltd., that occurred over a period of several years, much of which occurred before we obtained majority ownership of these operations in mid 1999. These matters include misappropriations of funds and payments to other companies that may have been inaccurately recorded on the subsidiary's books and certain improper payments in connection with sales to government customers. These transactions were not material to the Company's financial statements. We have reported these transactions to the Indian authorities, the U.S. Department of Justice and to the SEC. The private Indian investigator engaged by the Indian Ministry of Company Affairs has completed an investigation of these matters. In February 2005, the Indian Ministry of Company Affairs provided our Indian subsidiary with the investigator's report which addresses the previously disclosed misappropriation of funds and improper payments and requested comments. The report included allegations that Xerox Modicorp Ltd.'s senior officials and the Company were aware of such activities. The report also asserted the need for further investigation into potential criminal acts related to the improper activities addressed by the report. The matter is now pending in the Indian Ministry of Company Affairs. The Company reported these developments and made a copy of the report received by Xerox Modicorp Ltd. available to the U.S. Department of Justice and the SEC.

On November 17, 2005, Xerox filed its 40-page Reply (plus attachments) with the DCA. Xerox has sent copies of the Xerox Reply to the SEC and DOJ in the United States. In our Reply, we argue that the alleged violations of Indian Company Law by means of alleged improper payments and alleged defaults/failures of the Xerox Modicorp Ltd. board of directors were generally unsubstantiated and without any basis in law. Further, we stated that the Report's findings of other alleged violations were unsubstantiated and unproven. The DCA (now called the "Ministry of Company Affairs" or "MCA") will consider our Reply and will let us know their conclusions in the coming months. There is the possibility of fines or criminal penalties if conclusive proof of wrongdoing is found. We have told the DCA that Xerox's conduct in voluntarily disclosing the initial information and readily and willingly submitting to investigation, coupled with the non-availability of earlier records, warrants complete closure and early settlement. In January 2006, we learned that the DCA has issued a "Show Cause Notice" to certain former executives of Xerox Modicorp Ltd. seeking a response to allegations of potential violations of the Indian Companies Act. We have also learned that Xerox Modicorp Ltd. has received a formal Notice of Enquiry from the Indian Monopolies & Restrictive Trade Practices Commission ("MRTP Commission") alleging that Xerox Modicorp Ltd. committed unfair trading practices arising from the events described in the DCA investigator's Report. Following a hearing on August 29, 2006, the MRTP Commission ordered a process with deadlines between Xerox Modicorp Ltd. and the investigating officer for provision of relevant documents to Xerox Modicorp Ltd., after which Xerox Modicorp Ltd. will have four weeks to file its reply. The MRTP Commission scheduled a hearing for framing of the issues on January 9, 2007, but this hearing was delayed. A new hearing was scheduled for January 29, 2007 for consideration of Xerox Modicorp Ltd.'s motion for the MRTP Commission to direct the investigating officer to supply us the relevant documents. At the hearing on January 29<sup>th</sup>, no additional documents were supplied to us. The MRTP Commission directed us to file our reply to the original Notice of Enquiry within four weeks. At a hearing on April 2, 2007, the investigating officer requested another copy of our reply for the purpose of filing a response. A further time of four weeks to file this response was granted, and the next hearing date was set for May 15, 2007 for further consideration and framing of issues. The matter was heard on May 15, 2007, but the investigating officer sought additional time to file his response, which in fact was filed on June 27, 2007. The Commission has rescheduled the matter for August 17, 2007 for further proceedings. Our Indian subsidiary plans to contest the Notice of Enquiry and has been fully cooperating with the authorities.

In March 2005, following the completion of a share buy-back program that increased our controlling ownership interest in our Indian subsidiary to approximately 89% from approximately 86% at year-end 2004, we changed the name of our Indian subsidiary to Xerox India Ltd.

## **Note 14-Subsequent Events**

### **Private placement**

On July 19, 2007, we priced a zero coupon bond in a private placement transaction. The bond closed on July 30, 2007, and we received net proceeds of approximately \$300. The bond has a final maturity of July 30, 2022 with a final amount due at maturity of \$706. The bond is puttable annually at the option of the holder beginning July 30, 2009.

### **Termination of financing programs with GE**

Consistent with our intent to reduce secured debt, in November 2006, we delivered notice to GE that moved the final funding date for the U.K. secured funding program to June 2007. In July 2007, we gave notice to GE to repay in full the outstanding loan under this program. We repaid the £293 million aggregate outstanding amount of the loan (U.S. \$593) on July 31, 2007, using a combination of the proceeds from the private placement described above, a \$75 borrowing under our 2007 Credit Facility and cash on hand. In July 2007, we also delivered notice to GE to terminate our secured borrowing program in Canada effective July 31, 2008.

### **DLL Joint Venture**

In July 2007, we completed a transaction with De Lage Landen ("DLL") to purchase their 51% ownership interest in our lease financing joint venture in the Netherlands (the "DLL Joint Venture") for approximately \$25. In connection with the purchase, the secured borrowings to DLL of approximately \$153 were repaid and the related finance receivables are no longer encumbered. To fund the purchase and repayment we borrowed approximately \$161 of unsecured debt due July 1, 2008. Other than the repayment of the secured debt and the new unsecured borrowing, the effects from this transaction will be immaterial as the DLL Joint Venture will continue to be consolidated in our financial statements.

Item 2

**XEROX CORPORATION  
MANAGEMENT'S DISCUSSION AND ANALYSIS OF  
FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

The following Management's Discussion and Analysis ("MD&A") is intended to help the reader understand the financial condition and results of operations of Xerox Corporation. MD&A is provided as a supplement to, and should be read in conjunction with, our consolidated financial statements and the accompanying notes.

Throughout this document, references to "we," "our," the "Company," and "Xerox" refer to Xerox Corporation and its subsidiaries. References to "Xerox Corporation" refer to the stand-alone parent company and do not include its subsidiaries.

To understand the trends in the business, we believe that it is helpful to analyze the impact of changes in the translation of foreign currencies into U.S. dollars on revenue and expense growth. We refer to this analysis as "currency impact" or "the impact from currency." This includes translating the most recent financial results of operations using foreign currency of the earliest period presented. Revenues and expenses from our Developing Markets Operations ("DMO") are analyzed at actual exchange rates for all periods presented, since these countries generally have volatile currency and inflationary environments, and our operations in these countries have historically implemented pricing actions to recover the impact of inflation and devaluation. We do not hedge the translation effect of revenues or expenses denominated in currencies where the local currency is the functional currency.

(1) Post sale revenue is largely a function of the equipment placed at customer locations, the volume of prints and copies that our customers make on that equipment, the mix of color pages, as well as associated services.

(2) Color revenues represent a subset of total revenues and exclude GIS revenues.

## Table of Contents

Second quarter 2007 total revenues grew 6% compared to the second quarter 2006. Our consolidated results include the results of Global Imaging Systems ("GIS") since May 9, 2007, the effective date of the acquisition. When including GIS in our 2006 results<sup>3</sup>, second quarter 2007 total revenue grew 1%. Currency had a 2-percentage point positive impact on total revenues in the quarter. Total revenues included the following:

- 7% increase in post sale, financing and other revenue, or 4% including GIS in our 2006 results<sup>3</sup>. This included a 2-percentage point benefit from currency. Growth in GIS, color products, DMO, document management services and paper more than offset a decline in black-and-white digital office revenue and light lens products.
  - 8% increase in service, outsourcing, and rentals revenue to \$2,027 million reflected the inclusion of GIS, growth in technical service and document management services revenue. Supplies, paper, and other sales of \$835 million grew 8% year-over-year due to the inclusion of GIS, growth in DMO and increased paper revenue.
- 3% increase in equipment sales revenue, or 4% decrease including GIS in our 2006 results<sup>3</sup>. This included a 2-percentage point benefit from currency. Growth in office color multifunction and production color install activity was more than offset by overall price declines between 5% and 10%, declines in production black-and-white products and color printers, as well as an increased proportion of equipment installed under operating lease contracts where revenue is recognized over-time in post sale. More than two-thirds of the second quarter 2007 equipment sales were generated from products launched in the past 24 months.
- 12% growth in color revenue<sup>2</sup>. Color revenue of \$1,531 million comprised 38% of total revenue in the second quarter 2007, excluding GIS, compared to 34% in the second quarter 2006<sup>4</sup>, reflecting:
  - 17% growth in color post sale and other revenue. Color represented 34% of post sale and other revenue in the second quarter 2007, excluding GIS, versus 31% in the second quarter 2006<sup>4</sup>.
  - 5% growth in color equipment sales revenue. Color sales represented 48% of total equipment sales in the second quarter 2007, excluding GIS, versus 44% in the second quarter 2006<sup>4</sup>.

Total revenues for the six months ended June 30, 2007 increased 5% compared to the prior year period, or 3% including GIS in our 2006 results<sup>3</sup>. Currency had a 3-percentage point positive impact on total revenues. Total revenues included the following:

- 6% increase in post sale, financing and other revenue, or 5% including GIS in our 2006 results<sup>3</sup>. This included a 2-percentage point benefit from currency. Growth in GIS, color products, DMO, and paper more than offset a decline in black-and-white digital office and light lens products.
  - 7% increase in service, outsourcing, and rentals revenue to \$3,951 million reflected the inclusion of GIS as well as growth in technical service and document management services revenue. Supplies, paper, and other sales of \$1,611 million grew 8% year-over-year due to the inclusion of GIS as well as growth in DMO, increased paper revenue and increased supplies associated with strong color installations in previous periods.
- 1% increase in equipment sales, or a decrease of 3% including GIS in our 2006 results<sup>3</sup>. This included a 2-percentage point benefit from currency. Growth in GIS equipment sales as well as in office color multifunction and high-end production color install activity was more than offset by overall price declines between 5% and 10%, an increased proportion of equipment installed under operating lease contracts, declines in production black-and-white products and color printers.
- 15% growth in color revenue<sup>2</sup>. Color revenue of \$2,954 million comprised 38% of total revenue during the six months ended June 30, 2007, excluding GIS, compared to 34% in the six months ended June 30, 2006<sup>4</sup>, reflecting:
  - 19% growth in color post sale and other revenue. Color represented 34% and 30% of post sale and other revenue, excluding GIS, in the six months ended June 30, 2007 and 2006, respectively.
  - 7% growth in color equipment sales. Color sales represented 48% and 43% of total equipment sales, excluding GIS, in the six months ended June 30, 2007 and 2006<sup>4</sup>, respectively.
  - 29% growth in color pages. Color pages represented 12% of total pages, excluding GIS, during the six months ended June 30, 2007 versus 9% in corresponding period of 2006<sup>4</sup>.

(3) The percentage point impacts from GIS reflect the revenue growth year over year after including GIS' estimated results from May 9th through June 30th in 2006. See page 36 for an explanation of this non-GAAP measure.

(4) For the three and six months ended June 30, 2007, total color, color post sale and other, and color equipment sales revenues comprised 36%, 33% and 45%, respectively, and 37%, 33% and 46%, respectively, if calculated on total, total post sale and other, and total equipment sales revenues, including GIS. GIS is excluded from the ratios presented, as the breakout of the information required to make this computation for all periods is not available.

### Net Income

Second quarter 2007 net income of \$266 million, or \$0.28 per diluted share, increased \$6 million or \$0.02 per diluted share from the second quarter 2006.

Second quarter 2006 net income of \$260 million, or \$0.26 per diluted share, included a \$46 million tax benefit resulting from the resolution of certain tax matters associated with foreign tax audits, as well as restructuring charges of \$36 million (\$25 million after-tax) and a \$13 million charge (\$9 million after-tax) for the write-off of remaining unamortized deferred debt issuance costs as a result of the termination of our 2003 Credit Facility.

Net income for the six months ended June 30, 2007 of \$499 million, or \$0.52 per diluted share, increased \$39 million, or \$0.06 per diluted share, from the six months ended June 30, 2006 primarily reflecting:

- Gross profit increase of \$134 million due to increased revenue of \$372 including the addition of GIS.
- Reductions of \$55 million in restructuring and asset impairment charges and Other expenses, net as the prior year includes restructuring charges of \$36 million (\$25 million after-tax) and a \$13 million charge (\$9 million after-tax) from the write-off of the remaining unamortized deferred debt issuance costs as a result of the termination of our 2003 Credit Facility.
- Higher income tax expense of \$109 million due to higher pre-tax income as well as 2006 including a \$46 million tax benefit resulting from the resolution of certain tax matters associated with foreign tax audits and a \$24 million after-tax benefit from the resolution of certain tax matters associated with our 1999-2003 Internal Revenue Service ("IRS") audit.
- A decrease in equity income of \$23 million attributable to a \$23 million charge in the first quarter of 2007 for our share of a Fuji Xerox restructuring charge.

See Note 8 – Segment Reporting in the Condensed Consolidated Financial Statements for further discussion on our segment operating revenues and segment operating profit.

- Approximately 75% of GIS revenue is included in the Office segment, representing those sales and services that align to our Office segment, and 25% in the Other segment.
- Install activity percentages include the Xerox-branded shipments to GIS.

**Production**

Revenue

Second quarter 2007 Production revenue of \$1,153 million increased 2%, including a 4-percentage point benefit from currency, reflecting:

- 7% increase in post sale and other revenue, including a 3-percentage point benefit from currency, as growth from digital products more than offset declines in revenue from older light lens technology.
- 9% decrease in equipment sales revenue, including a 3-percentage point benefit from currency, driven primarily from declines in production black-and-white systems and an increased proportion of equipment installed under operating lease contracts where revenue is recognized over-time in post sale.
- 7% decline in installs of production black-and-white systems including a decline in installs of high-volume production printing systems partially offset by Xerox Nuvera® systems install growth.
- 4% growth in installs of production color products driven by DocuColor® 5000, 8000 and iGen3® activity.

Production revenue for the six months ended June 30, 2007 of \$2,238 million increased 3%, including a 3-percentage point benefit from currency, reflecting:

- 8% increase in post sale and other revenue, including a 4-percentage point benefit from currency, as growth from digital products more than offset declines in revenue from older light lens technology.
- 5% decrease in equipment sales revenue, including a 4-percentage point benefit from currency, driven primarily from declines in production black-and-white systems and an increased proportion of equipment installed under operating lease contracts.
- 7% decline in installs of production black-and-white systems including a decline in installs of high-volume production printing systems partially offset by growth in installs of light production systems.

## [Table of Contents](#)

- 4% growth in installs of production color products driven by DocuColor® 5000, 8000 and iGen3® activity.

### [Operating Profit](#)

Second quarter 2007 Production profit of \$82 million decreased \$6 million from second quarter 2006 reflecting lower gross profit partially offset by lower R,D&E and SAG expenses reflecting, in part, the benefits from 2006 restructuring programs. Operating profit margin decreased 0.7-percentage points in the second quarter 2007.

For the six months ended June 30, 2007, Production profit of \$182 million increased \$27 million from the six months ended June 30, 2006. Operating profit margin also increased 1.0-percentage point during this period. These increases are primarily the result of lower R,D&E and SAG expenses reflecting, in part, the benefits from 2006 restructuring programs.

### [Office](#)

#### [Revenue](#)

Second quarter 2007 Office revenue of \$2,030 million increased 5%, including a 2-percentage point benefit from currency, reflecting:

- 7% increase in post sale and other revenue, including a 3-percentage point benefit from currency, reflecting growth in revenue as a result of the inclusion of GIS as well as growth from color multifunction devices and color printers.
- 4% increase in equipment sales revenue, including a 2-percentage point benefit from currency, reflecting growth in revenue as a result of the inclusion of GIS.
- 54% color multifunction device install growth led by strong demand for Xerox WorkCentre® products was offset by declines in price and color printers, as well as mix in black-and-white products.
- 7% increase in black-and-white copiers and multifunction devices, including 7% growth in Segment 1&2 products (11-30 ppm) and 9% growth in Segment 3-5 products (31-90 ppm).
- 13% decline in color printers due to lower OEM sales.

Office revenue during the six months ended June 30, 2007 of \$3,876 million increased 4%, including a 3-percentage point benefit from currency, from the 2006 comparable period reflecting:

- 6% increase in post sale and other revenue, including a 3-percentage point benefit from currency, reflecting growth in revenue from the inclusion of GIS as well as growth from color multifunction devices and color printers.
- 1% increase in equipment sales revenue, including a 2-percentage point benefit from currency, primarily reflecting the inclusion of GIS. 62% color multifunction device install growth led by strong demand for Xerox WorkCentre® products was offset by declines in price and color printers, as well as mix in black-and-white products.
- 1% increase in black-and-white copiers and multifunction devices was the result of 10% growth in Segment 3-5 products (31-90 ppm) partially offset by a 1% decline in Segment 1&2 products (11-30 ppm).
- 16% decline in color printers due to lower OEM sales.

### [Operating Profit](#)

Second quarter 2007 Office profit of \$226 million increased \$13 million from second quarter 2006 as a result of higher gross profit due to increased revenue primarily as a result of the inclusion of GIS.

For the six months ended June 30, 2007, Office profit of \$458 million increased \$85 million from the 2006 comparable period. Operating profit margin increased 1.8-percentage points during this period. These increases were primarily due to higher gross profit reflecting increased revenue partially as a result of the inclusion of GIS. Partially offsetting the increase in gross profit was higher SAG expenses likewise as result of the inclusion of GIS.

## **DMO**

### Revenue

DMO revenue for the three and six months ended June 30, 2007 increased by \$62 million and \$84 million, or 13% and 9%, respectively, from the comparable periods of 2006 reflecting:

- 11% and 9% increases, respectively, in post sale and other revenue driven primarily by increased supplies, document management services and paper revenue.

## [Table of Contents](#)

- 18% and 11% increases, respectively, in equipment sales revenue reflecting install growth in office multifunction color, light production black-and-white and production color systems. DMO equipment sales consist of Office and Production products, including a large proportion of sales of Segment 1&2 office products.

### [Operating Profit](#)

Second quarter 2007 DMO profit of \$37 million increased \$3 million from the second quarter of 2006. For the six months ended June 30, 2007, DMO profit of \$53 million increased \$2 million from the comparable period in the prior year. These increases were primarily the result of higher gross profit from increased revenue partially offset by increased SAG expenses reflecting increased advertising and promotional spending.

### [Other](#)

#### [Revenue](#)

Second quarter 2007 Other revenue of \$494 million increased 11% over the second quarter of 2006, including a 2-percentage point benefit from currency. During the six months ended June 30, 2007, Other revenue of \$941 million increased 9% over the corresponding period in 2006, including a 3-percentage point benefit from currency. These increases were primarily attributable to the inclusion of GIS as well as increased paper and value-added services revenue. Paper comprised approximately half of Other segment revenue for the three and six months ended June 30, 2007.

#### [Operating Profit](#)

For the three and six months ended June 30, 2007 Other profit of \$2 million and \$16 million increased \$15 million and \$26 million, respectively, from the comparable periods in 2006. These increases are the result of additional value-added services revenue, including the benefits from our 2006 acquisition of Amici (now Xerox Litigation Services).

### [Costs, Expenses and Other Income](#)

#### [Gross Margin](#)

	Three Months Ended June 30,			Six Months Ended June 30,		
	2007	2006	Change	2007	2006	Change
Gross Margin						
Sales	34.9%	36.2%	(1.3) pts	35.7%	35.9%	(0.2) pts
Service, outsourcing and rentals	43.4%	43.3%	0.1 pts	42.6%	42.5%	0.1 pts
Financing income	61.5%	64.0%	(2.5) pts	61.7%	64.2%	(2.5) pts
Total	40.3%	41.1%	(0.8) pts	40.4%	40.6%	(0.2) pts

Second quarter 2007 total gross margin of 40.3% decreased 0.8-percentage points compared to the second quarter 2006 primarily due to a higher proportion of revenue from lower margin businesses including document management services, paper and DMO. Total gross margin was relatively flat for the six months ended June 30, 2007 as compared to the comparable period of 2006 as price declines and cost improvements mostly offset one another.

Second quarter sales gross margin decreased 1.3-percentage points due to supplies product mix. The impact of prices declines and cost improvements offset one another. Sales gross margin decreased 0.2-percentage points for the six months ended June 30, 2007 as price declines were effectively offset by cost improvements.

Service, outsourcing and rentals margin increased 0.1-percentage points during both periods, as cost and productivity improvements including restructuring savings and other variances more than offset price declines and product mix.

## [Table of Contents](#)

Financing income margin declined 2.5-percentage points during both periods primarily from additional interest expense due to higher interest rates.

### [Research, Development and Engineering Expenses \("R,D&E"\)](#)

	Three Months Ended June 30,			Six Months Ended June 30,		
	2007	2006	Change	2007	2006	Change
R,D&E % Revenue	5.3%	5.8%	(0.5) pts	5.5%	5.9%	(0.4) pts

R,D&E of \$223 million and \$441 million for the three and six months ended June 30, 2007 decreased \$7 million and \$14 million, respectively, from prior year comparable periods. R&D of \$188 million and \$369 million for the three and six months ended June 30, 2007 increased by \$2 million and \$4 million, respectively. Sustaining engineering costs of \$35 million and \$72 million for the three and six months ended June 30, 2007 declined by \$9 million and \$18 million, respectively, primarily in the Production segment reflecting lower spending related to environmental compliance activities and maturing product platforms.

We invest in technological development, particularly in color, and believe our R&D spending is sufficient to remain technologically competitive. Xerox R&D is strategically coordinated with Fuji Xerox.

### [Selling, Administrative and General Expenses \("SAG"\)](#)

	Three Months Ended June 30,			Six Months Ended June 30,		
	2007	2006	Change	2007	2006	Change
SAG % Revenue	25.7%	25.6%	0.1 pts	25.3%	26.1%	(0.8) pts

SAG expenses of \$1,081 million in the second quarter 2007 were \$61 million higher than the second quarter 2006, including a \$26 million negative impact from currency. The SAG expense increase reflected the following:

- \$17 million increase in selling expenses reflecting the inclusion of GIS selling expenses. Second quarter 2007 selling reductions include 2006 IPEX trade show expenses not repeated in 2007 and the benefits from 2006 restructuring programs intended to re-align our sales infrastructure.
- \$26 million increase in general and administrative ("G&A") expenses primarily from the inclusion of GIS expenses.
- Second quarter 2007 bad debt expense of \$39 million increased \$18 million from the second quarter 2006 primarily reflecting an increase in reserves involving several customers in a European country. Overall, bad debt expense continues to reflect the favorable trend in write-offs, receivables aging and collections experienced over the past several quarters.

SAG expenses for the six months ended June 30, 2007 of \$2,035 million were \$32 million higher than the comparable period in 2006, including a \$53 million negative impact from currency. The SAG expense change reflected the following:

- \$17 million decrease in selling expenses reflecting the benefits from 2006 restructuring programs intended to re-align our sales infrastructure as well as the second quarter 2006 IPEX trade show expenses not repeated in the second quarter 2007. These decreases were partially offset by the inclusion of GIS selling expenses.
- \$24 million increase in general and administrative ("G&A") expenses primarily from the inclusion of GIS expenses.
- Bad debt expense for the six months ended June 30, 2007 of \$66 million increased \$25 million compared to the comparable period in the prior year primarily as a result of an increase in reserves recorded during the second quarter of 2007 for several customers in a European country.

### [Worldwide Employment](#)

Worldwide employment of 58,100 at June 30, 2007, increased approximately 4,400 from year-end 2006 primarily reflecting the addition of approximately 4,700 GIS personnel and the hiring of former contract employees in certain Latin American subsidiaries, partially offset by reductions from the 2006 restructuring programs.

[Restructuring and Asset Impairment Charges](#)

During the three and six months ended June 30, 2007, we recorded net restructuring reversals of \$2 million and \$4 million, respectively, primarily due to changes in estimated reserves for prior year initiatives. The restructuring reserve balance as of June 30, 2007, for all programs was \$203 million, of which approximately \$170 million is expected to be spent over the next twelve months.

## [Table of Contents](#)

In the three and six months ended June 30, 2006, we recorded restructuring charges of \$36 million primarily related to headcount reductions of approximately 500 employees primarily in the North American service organizations. Refer to Note 4-Restructuring Programs in the Condensed Consolidated Financial Statements for additional information regarding our restructuring programs.

### Other Expenses, Net

<b>Total</b>	<b>\$ 78</b>	<b>\$ 82</b>	<b>\$ 135</b>	<b>\$ 150</b>

#### [Non-Financing Interest Expense](#)

Non-financing interest expense for the three and six months ended June 30, 2007 was \$10 million and \$14 million higher than the prior year comparable periods, due to higher interest rates as well as higher average debt balances.

#### [Gains on Sales of Businesses and Assets](#)

Gains during the three and six months ended June 30, 2006 primarily consisted of a \$10 million gain from the second quarter 2006 receipt from escrow of additional proceeds related to our sale of Integic in the first quarter 2005. The proceeds were placed in escrow upon the sale of Integic pending completion of an indemnification period that ended in May 2006.

#### [Currency \(Gains\) Losses, net](#)

Net currency gains and losses primarily reflect the mark-to-market of derivative contracts which economically hedge the cost of anticipated foreign currency denominated payments. The changes from 2006 are primarily attributable to currency fluctuations.

#### [Amortization of Intangible Assets](#)

Amortization of intangible assets expense of \$10 million and \$16 million for the three and six months ended June 30, 2007, respectively, reflects increased amortization expense of approximately \$4 million associated with intangible assets acquired as part of our acquisition of GIS as well as a decrease associated with the end of the amortization period for certain acquired intangible assets from previous acquisitions.

#### [Legal Matters](#)

Legal expenses of \$10 million and \$13 million for the three and six months ended June 30, 2006, respectively, primarily included charges of \$19 million associated with probable losses from various legal matters partially offset by \$12 million of proceeds from the resolution of the Palm litigation matter in the second quarter 2006.

#### [Other, net](#)

Other, net of \$18 million and \$22 million for the three and six months ended June 30, 2006, respectively, included a \$13 million write-off of unamortized deferred debt issuance costs associated with the termination of our 2003 Credit Facility.

### Income Taxes

	Three Months Ended June 30,		Six Months Ended June 30,	
	2007	2006	2007	2006
Pre-tax income	\$ 315	\$ 265	\$ 644	\$ 473
Income tax expense	76	22	178	69
Effective tax rate	24.1%	8.3%	27.6%	14.6%

The effective tax rates for the three and six months ended June 30, 2007 of 24.1% and 27.6% were lower than the U.S. statutory tax rate of 35.0% primarily reflecting tax benefits from the utilization of foreign tax credits and the geographical mix of income before taxes and the related effective tax rates in those jurisdictions.

The second quarter 2006 effective tax rate of 8.3% was lower than the U.S. statutory tax rate primarily reflecting tax benefits of \$46 million from the resolution of certain tax issues associated with foreign tax audits, \$11 million from the reversal of a valuation allowance on deferred tax assets associated with foreign net operating loss carry forwards, the geographical mix of income before taxes and the related effective tax rates in those jurisdictions and a tax law change.

The effective tax rate for the six months ended June 30, 2006 of 14.6% was lower than the U.S. statutory rate primarily due to:

- Tax benefits of \$46 million from the resolution of certain tax issues associated with foreign tax audits.
- Tax benefit of \$24 million from the resolution of certain tax issues associated with our 1999-2003 IRS audit.
- \$11 million from the reversal of a valuation allowance on deferred tax assets associated with foreign net operating loss carryforwards.
- The geographical mix of income and the related effective tax rates in those jurisdictions and a tax law change.

Our effective tax rate is based on nonrecurring events as well as recurring factors including the geographical mix of income before taxes and the related effective tax rates in those jurisdictions, as well as available foreign tax credits. In addition, our effective tax rate will change based on discrete or other nonrecurring events that may not be predictable. We anticipate that our effective tax rate for the remainder of the year will approximate 31%, excluding the effects of any future discrete events and we expect our full year 2007 tax rate to be approximately 30%.

### Equity in Net Income of Unconsolidated Affiliates

Equity in net income of unconsolidated affiliates of \$27 million in the 2007 second quarter increased \$10 million compared to second quarter 2006 primarily due to our 25% share of Fuji Xerox's higher net income. For the six months ended June 30, 2007, equity in net income of unconsolidated affiliates decreased \$23 million compared to the same period of 2006. The decline was attributable to a \$23 million charge representing our share of a 2007 Fuji Xerox restructuring charge.

### Capital Resources and Liquidity

The following table summarizes our cash flows and cash, cash equivalents and short-term investments as of and for the six months ended June 30, 2007 and 2006:

## Table of Contents

### Cash Flows from Operating Activities

Net cash provided by operating activities of \$575 million for the six months ended June 2007 increased \$208 million from the six months ended June 2006 primarily due to the following:

- \$131 million increase in pre-tax income before restructuring charges.
- \$226 million increase due to a pension plan contribution made in the second quarter of 2006 that was not repeated in the second quarter 2007.
- \$103 million decrease primarily due to a reduction in accounts payable based on timing of payments to suppliers.
- \$32 million decrease due to higher installs of equipment recorded as equipment on operating leases.
- \$4 million decrease due to higher accounts receivable, reflecting our increased revenue partially offset by a \$57 million sale of receivables in second quarter 2007.

### Cash Flows from Investing Activities

Net cash used in investing activities was \$1,528 million for the six months ended June 2007. The decrease in cash flow of \$1,596 million from the six months ended June 2006 was primarily due to the following:

- \$1,530 million decrease due to the acquisition of GIS.
- \$150 million decrease primarily as a result of a \$119 million 2006 distribution related to the sale of investments held by Ridge Re and a \$21 million distribution from the liquidation of our investment in Xerox Capital LLC in 2006.
- \$54 million decrease due to higher capital expenditures and internal use software.
- \$73 million increase due to higher net proceeds from sales of short-term investments as we continue to liquidate our portfolio of such investments.
- \$62 million increase in escrow and restricted investments primarily due to 2006 including a \$103 million escrow deposit related to the MPI litigation matter, partially offset by lower net releases of restricted cash in 2007.

### Cash Flows from Financing Activities

Net cash provided by financing activities was \$387 million for the six months ended June 2007. The increase in cash flow of \$1,184 million from the six months ended June 2006 was primarily due to the following:

- \$657 million increase due to lower net repayments of secured financing.
- \$205 million increase due to higher net cash proceeds from unsecured debt. This reflects the May 2007 issuance of the \$1.1 billion Senior Notes, as compared to the March 2006 issuance of the \$700 million Senior Notes, partially offset by higher net repayments on all other unsecured debt in 2007 as compared to 2006.
- \$174 million increase due to lower purchases under our share repurchase program.
- \$100 million increase due to the first quarter 2006 payment of our liability to Xerox Capital LLC in connection with their redemption of Canadian deferred preferred shares.
- \$29 million increase relating to the 2006 payment of preferred stock dividends. The conversion of our Series C Mandatory Convertible Preferred Stock occurred in the third quarter 2006.
- \$23 million increase due to higher proceeds from the issuance of common stock from increases in exercised stock options.

	Senior Unsecured Debt	Outlook	Comments
Moody's Investors Service <sup>(1)</sup>	Baa3	Positive	The Moody's rating was upgraded from Ba1 in November 2006. Moody's affirmed the positive outlook on April 2, 2007.
Standard & Poors ("S&P") <sup>(2)</sup>	BBB-	Stable	The S&P rating was upgraded from BB+ to investment grade, BBB-, in May 2007. Outlook is stable.
Fitch Ratings <sup>(3)</sup>	BBB-	Stable	The Fitch rating was upgraded from BB+ in August 2006. The stable outlook was affirmed on April 2, 2007.

<sup>(1)</sup> In November 2006, Moody's upgraded the Senior Unsecured rating from Ba1 to Baa3, a one notch upgrade. Moody's maintains a Positive Outlook on the credit. In conjunction with the upgrade to investment grade ratings for the senior unsecured debt, Moody's has withdrawn all Loss Given Default assessments and Speculative Grade Liquidity ratings as they are only appropriate for non-investment grade issuers. Moody's ratings upgrades also included: Senior unsecured shelf registration to Baa3 from Ba1; Trust preferred to Ba1 from Ba2; subordinated shelf registration to Ba1 from Ba2 and preferred shelf registration to Ba1 from Ba2. On April 2, 2007, Moody's affirmed its ratings and positive outlook on Xerox, stating they are not affected by our acquisition of GIS.

<sup>(2)</sup> In May 2007, S&P upgraded the Senior Unsecured and Corporate Credit ratings from BB+ to BBB-, investment grade, with a stable outlook. At the same time, S&P upgraded the ratings on Subordinated debt from BB- to BB+ and Preferred Stock from B+ to BB. The ratings upgrade followed our announcement that we completed our tender offer for GIS.

<sup>(3)</sup> In August 2006, Fitch upgraded its debt ratings and assigned a stable outlook on Xerox. Fitch had upgraded the senior unsecured debt of Xerox from BB+ to BBB- and also upgraded the Trust Preferred securities from BB- to BB, both one notch upgrades. On April 2, 2007, Fitch affirmed Xerox's ratings and stable outlook following Xerox's announcement of an agreement in principal to acquire GIS.

Our credit ratings, which are periodically reviewed by major rating agencies, have substantially improved over the past three years. We are currently rated investment grade by Moody's Investors Service, S&P and Fitch Ratings.

### *Acquisition of GIS:*

Refer to Note 3-Acquisition of GIS in the Condensed Consolidated Financial Statements for additional information regarding this acquisition.

The acquisition of GIS resulted in an increase in our minimum operating lease commitments reported in our 2006 Annual Report on Form 10-K of approximately \$65 million.

### *2007 Credit Facility:*

In April 2007, we amended and restated our \$1.25 billion unsecured revolving credit facility that was originally entered into in April 2006 (the "2006 Credit Facility"). The amended and restated facility (the "2007 Credit Facility") increased the maximum amount available for borrowing to \$2 billion and includes a \$300 million letter of credit subfacility. Refer to Note 10-Debt in the Condensed Consolidated Financial Statements for additional information regarding the amendment.

### *2012 Senior Notes:*

In May 2007, we issued \$1.1 billion of Senior Notes due 2012. Refer to Note 10-Debt in the Condensed Consolidated Financial Statements for additional information regarding these notes.

### *Summary—Financial Flexibility and Liquidity:*

Our liquidity is a function of our ability to successfully generate cash flows from a combination of efficient operations and improvement therein, access to capital markets, securitizations, funding from third parties and borrowings secured by our finance receivables portfolios. As of June 30, 2007, total cash, cash equivalents and short-term investments was \$870 million and our borrowing capacity under our 2007 Credit Facility was \$1.575 billion, reflecting outstanding borrowings of \$410 million and \$15 million of letters of credit that have been utilized. Our ability to maintain positive liquidity going forward depends on our ability to continue to generate cash from operations and have access to the financial markets, both of which are subject to general economic, financial, competitive, legislative, regulatory and other market factors that are beyond our control.

## **Financial Risk Management**

We are exposed to market risk from foreign currency exchange rates and interest rates, which could affect operating results, financial position and cash flows. We manage our exposure to these market risks through our regular operating and financing activities and, when appropriate, through the use of derivative financial instruments. These derivative financial instruments are utilized to hedge economic exposures as well as reduce earnings and cash flow volatility resulting from shifts in market rates. As permitted, certain of these derivative contracts have been designated for hedge accounting treatment under SFAS No. 133. Certain of our derivatives do not qualify for hedge accounting but are effective as economic hedges of our inventory purchases and currency exposure. These derivative contracts are accounted for using the mark-to-market accounting method and accordingly are exposed to some level of volatility. Under this method, the contracts are carried at their fair value on our Condensed Consolidated Balance Sheets within Other assets and Other liabilities. The level of volatility will vary with the type and amount of derivative hedges outstanding, as well as fluctuations in the currency and interest rate market during the period. The related cash flow impacts of all of our derivative activities are reflected as cash flows from operating activities.

We enter into limited types of derivative contracts, including interest rate and cross currency interest rate swap agreements, foreign currency spot, forward and swap contracts and net purchased foreign currency options to manage foreign currency exposures. Our primary foreign currency market exposures include the Japanese Yen, Euro, British Pound Sterling, Canadian Dollar and Brazilian Real. The fair market values of all our derivative contracts change with fluctuations in interest rates and/or currency rates and are designed so that any changes in their values are offset by changes in the values of the underlying exposures. Derivative financial instruments are held solely as risk management tools and not for trading or speculative purposes.

By their nature, all derivative instruments involve, to varying degrees, elements of market and credit risk not recognized in our financial statements. The market risk associated with these instruments resulting from currency exchange and interest rate movements is expected to offset the market risk of the underlying transactions, assets

[Table of Contents](#)

and liabilities being hedged. We do not believe there is a significant risk of loss in the event of non-performance by the counterparties associated with these instruments because these transactions are executed with a diversified group of major financial institutions. Further, our policy is to deal with counterparties having a minimum investment-grade or better credit rating. Credit risk is managed through the continuous monitoring of exposures to such counterparties.

Some of our derivative and other material contracts at June 30, 2007 may require us to post cash collateral or maintain minimum cash balances in escrow. These cash amounts are reported in our Condensed Consolidated Balance Sheets within Other current assets or Other long-term assets, depending on when the cash will be contractually released.

### Non-GAAP Financial Measures

We reported our financial results in accordance with generally accepted accounting principles ("GAAP"). In addition, we discussed our results for the three and six months ended June 30, 2007 and 2006 using non-GAAP financial measures. Management believes these measures give investors an additional perspective of revenue trends, as well as the impact of the acquisition of GIS to the Company. To understand these trends in the business, we believe that it is helpful to adjust revenue to determine the impact of the acquisition of GIS to include GIS' estimated revenue for the comparable 2006 period to determine the impact on revenue growth rates. We refer to this adjusted growth as "adjusted revenue" in the following reconciliation table. Management believes that these non-GAAP financial measures can provide an additional means of analyzing the current periods' results against the corresponding prior periods' results. However, these non-GAAP financial measures should be viewed in addition to, and not as a substitute for, our reported results prepared in accordance with GAAP. A reconciliation of these non-GAAP financial measures and the most directly comparable financial measures calculated and presented in accordance with GAAP is as follows:

**Item 3 Quantitative and Qualitative Disclosures About Market Risk**

The information set forth under the caption “Financial Risk Management” on Page 35 of this Quarterly Report on Form 10-Q is hereby incorporated by reference in answer to this Item.

**Item 4 Controls and Procedures**

(a) Evaluation of Disclosure Controls and Procedures

The Company’s management evaluated, with the participation of our principal executive officer and principal financial officer, or persons performing similar functions, the effectiveness of our disclosure controls and procedures, as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as of the end of the period covered by this report. Based on this evaluation, our principal executive officer and principal financial officer have concluded that, as of the end of the period covered by this report, our disclosure controls and procedures were effective to ensure that information we are required to disclose in the reports that we file or submit under the Securities Exchange Act of 1934, as amended, is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission’s rules and forms relating to Xerox Corporation, including our consolidated subsidiaries, and was accumulated and communicated to the Company’s management, including the principal executive officer and principal financial officer, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure.

(b) Changes in Internal Controls

In connection with the evaluation required by paragraph (d) of Rule 13a-15 under the Exchange Act, there was no change identified in our internal control over financial reporting that occurred during the last fiscal quarter that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

## PART II—OTHER INFORMATION

### Item 1 Legal Proceedings

The information set forth under Note 13-Contingencies contained in the “Notes to Condensed Consolidated Financial Statements” of this Quarterly Report on Form 10-Q is incorporated by reference in answer to this Item.

### Item 1A Risk Factors

Reference is made to the Risk Factors set forth in Part I, Item 1A of our 2006 Annual Report. The Risk Factors remain applicable from our 2006 Annual Report, with the exception of the following changes:

***Our significant debt could adversely affect our financial health and pose challenges for conducting our business.***

We have and will continue to have a significant amount of debt and other obligations, primarily to support our customer financing activities. As of June 30, 2007, we had \$8.0 billion of total debt (\$1.7 billion of which is secured by finance receivables) and \$608 million of liabilities to trusts issuing preferred securities. The total value of financing activities, shown on the balance sheet as Finance Receivables and On-Lease equipment, was \$8.3 billion at June 30, 2007. The total cash, cash equivalents and short-term investments balance was \$870 million at June 30, 2007. Our substantial debt and other obligations could have important consequences. For example, it could (i) increase our vulnerability to general adverse economic and industry conditions; (ii) limit our ability to obtain additional financing for future working capital, capital expenditures, acquisitions and other general corporate requirements; (iii) increase our vulnerability to interest rate fluctuations because a portion of our debt has variable interest rates; (iv) require us to dedicate a substantial portion of our cash flows from operations to service debt and other obligations thereby reducing the availability of our cash flows from operations for other purposes; (v) limit our flexibility in planning for, or reacting to, changes in our business and the industry in which we operate; (vi) place us at a competitive disadvantage compared to our competitors that have less debt; and (vii) become due and payable upon a change in control. If new debt is added to our current debt levels these related risks could increase.

***We need to maintain adequate liquidity in order to have sufficient cash to meet operating cash flow requirements and to repay maturing debt and other obligations. If we fail to comply with the covenants contained in our various borrowing agreements, it may adversely affect our liquidity, results of operations and financial condition.***

Our liquidity is a function of our ability to successfully generate cash flows from a combination of efficient operations and improvement therein, access to capital markets, securitizations, funding from third parties and borrowings secured by our finance receivables portfolios. As of June 30, 2007, total cash, cash equivalents and short-term investments was \$870 million, and our borrowing capacity under our 2007 Credit Facility was \$1.575 billion, reflecting outstanding borrowings of \$410 million and \$15 million of outstanding letters of credit that have been utilized. We also have funding available through various secured borrowing arrangements. We believe our liquidity (including operating and other cash flows that we expect to generate) will be sufficient to meet operating requirements as they occur; however, our ability to maintain sufficient liquidity going forward depends on our ability to generate cash from operations and access to the capital markets, secured borrowings, securitizations and funding from third parties, all of which are subject to general economic, financial, competitive, legislative, regulatory and other market factors that are beyond our control.

The 2007 Credit Facility contains affirmative and negative covenants including limitations on: (i) liens of Xerox and certain of our subsidiaries securing debt, (ii) certain fundamental changes to corporate structure, (iii) changes in nature of business and (iv) limitations on debt incurred by certain subsidiaries. The 2007 Credit Facility contains financial maintenance covenants, including maximum leverage (debt for borrowed money divided by consolidated EBITDA, as defined) and a minimum interest coverage ratio (consolidated EBITDA divided by consolidated interest expense, as defined). The indentures governing our outstanding senior notes contain affirmative and negative covenants including limitations on: issuance of secured debt and preferred stock; investments and acquisitions; mergers; certain transactions with affiliates; creation of liens; asset transfers; hedging transactions; payment of dividends and certain other payments. They do not, however, contain any financial maintenance covenants, except the fixed charge coverage ratio applicable to certain types of payments. Our U.S. Loan Agreement with General Electric Capital Corporation (“GECC”) (effective through 2010) relating to our customer financing program (the “Loan Agreement”) provides for loans secured by eligible finance receivables

[Table of Contents](#)

up to \$5 billion outstanding at any one time. As of June 30, 2007, \$1.1 billion was outstanding under the Loan Agreement, including similar loan agreements with GE in the U.K. and Canada. These agreements incorporate the financial maintenance covenants contained in the 2006 Credit Facility and contain other affirmative and negative covenants.

At June 30, 2007, we were in full compliance with the covenants and other provisions of the 2007 Credit Facility, the senior notes and the Loan Agreement. Any failure to be in compliance with any material provision or covenant of the 2007 Credit Facility or the senior notes could have a material adverse effect on our liquidity, results of operations and financial condition. Failure to be in compliance with the covenants in the Loan Agreement, including the financial maintenance covenants incorporated from the 2007 Credit Facility, would result in an event of termination under the Loan Agreement and in such case GECC would not be required to make further loans to us. If GECC were to make no further loans to us, and assuming a similar facility was not established and that we were unable to obtain replacement financing in the public debt markets, it could materially adversely affect our liquidity and our ability to fund our customers' purchases of our equipment and ultimately, our results of operations.

***We need to successfully bring GIS into our operations in order to realize all of the anticipated benefits from the transaction.***

Our ability to realize the anticipated benefits of the Global Imaging Systems, Inc. ("GIS") acquisition is subject to certain risks including, but not limited to the risks that; the future business operations of GIS will not be successful; customer retention and revenue expansion goals for the GIS transaction will not be met; and disruptions from the GIS transaction will harm relationships with customers, employees and suppliers.

## Item 2 Unregistered Sales of Equity Securities and Use of Proceeds

### (a) Sales of Unregistered Securities during the Quarter ended June 30, 2007

During the quarter ended June 30, 2007, Registrant issued no securities in transactions that were not registered under the Securities Act of 1933.

(2) The original \$500 million Stock Repurchase Program was authorized by our Board of Directors in October, 2005. In each of January 2006, July 2006, November 2006 and February 2007 our Board of Directors authorized additional \$500 million Stock Repurchase Programs covering the aggregate repurchase of up to \$2.5 billion of our common stock, par value \$1.00 per share. The most recently adopted program covers purchases through the period ending January 31, 2008. The \$2.5 billion is exclusive of fees and expenses. The repurchases under these programs may be made on the open market, or through derivative or negotiated transactions. Open-market repurchases will be made in compliance with the Securities and Exchange Commission's Rule 10b-18, and are subject to market conditions as well as applicable legal and other considerations.

## XEROX CORPORATION

The ratio of earnings to fixed charges, the ratio of earnings to combined fixed charges and preferred stock dividends, as well as any deficiency of earnings are determined using the following applicable factors:

**Earnings available for fixed charges** are calculated first, by determining the sum of: (a) income from continuing operations before income taxes, (b) distributed equity income, (c) fixed charges, as defined below and (d) amortization of capitalized interest, if any. From this total, we subtract capitalized interest, if any.

**Fixed charges** are calculated as the sum of (a) interest costs (both expensed and capitalized), (b) amortization of debt expense and discount or premium relating to any indebtedness and (c) that portion of rental expense that is representative of the interest factor.

**Preferred stock dividends** used in the ratio of earnings to combined fixed charges and preferred stock dividends consist of the amount of pre-tax earnings required to cover dividends paid on our Series C mandatory convertible preferred stock. Series C mandatory convertible preferred stock was redeemed and converted to common stock as of July 3, 2006 and as such, there were no dividends beyond such date.

## CEO CERTIFICATIONS

I, Anne M. Mulcahy, Chairman of the Board and Chief Executive Officer, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q of Xerox Corporation;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
  - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
  - (a) All significant deficiencies and material weaknesses in the design or operation of internal controls over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
