PROXY STATEMENT

GENERAL

The Meeting

The Board of Directors of Xerox Corporation (Xerox, the Company, we or us) is requesting your proxy for the Annual Meeting of Shareholders on May 15, 2003 beginning at 10:00 a.m., and any adjournments thereof. The meeting will be held at the Boston Marriott Copley Place, 110 Huntington Avenue, Boston, Massachusetts.

Shares Entitled to Vote

Holders of record of the Company's Common Stock, par value \$1 per share (Common Stock) and Series B Convertible Preferred Stock (Preferred Stock) as of the close of business on March 21, 2003 are entitled to vote. On that date there were 741,285,974 shares of Common Stock and 6,854,191 shares of Preferred Stock outstanding. At the meeting each share of Common Stock is entitled to one vote on each proposal and each share of Preferred Stock is entitled to six votes on each proposal.

Proxy Voting and Quorum

Shareholders of record may vote their proxies by telephone, Internet or mail. By using your proxy to vote in one of these ways, you authorize the three directors whose names are listed on the front of the proxy card accompanying this Proxy Statement to represent you and vote your shares. Holders of a majority of the shares entitled to vote at the meeting must be present in person or represented by proxy to constitute a quorum.

If you attend the meeting, you may of course vote by ballot. If you are not present, your shares can be voted only when represented by a properly submitted proxy.

You may revoke or change your proxy at any time before it is exercised, either in writing to the Secretary of the Company, or through the Internet or by telephone voting.

Choices in Voting

You have several choices in completing your voting.

- You may vote on each proposal, in which case your shares will be voted in accordance with your choices.
- In voting on directors, you can either vote FOR all the directors or withhold your vote on all or certain of the directors.
- You may indicate a preference to abstain on any other proposal, in which case no vote will be recorded.
- You may submit a proxy without indicating your voting preferences, in which case the proxies will vote your shares:
 - for election of the directors nominated by the Board of Directors,
 - for ratification of the selection of PricewaterhouseCoopers LLP as the Company's independent auditors for the year 2003, and
 - against the shareholder proposal to amend the By-Laws to allow shareholders to call special meetings for any purpose.

ESOP Voting Instruction

Participants in the Company's Employee Stock Ownership Plan can instruct State Street Bank and Trust Company as Trustee of the Plan by telephone, Internet or mail how to vote. No matter which method is used, the instructions are confidential and will not be disclosed to the Company. By using the voting instruction in one of these ways, you instruct the Trustee to vote the shares allocated to your Stock Account. You also authorize the Trustee to vote a proportion of the shares held in the ESOP Trust which have not yet been allocated, as well as shares for which no instructions have been received.

Required Vote

A *plurality* of the votes cast is required for the election of directors. The affirmative vote of a *majority* of the votes cast is required to ratify the selection of PricewaterhouseCoopers LLP (PwC) as independent auditors for the year 2003 and approve the shareholder proposal. Under the law of New York, the Company's state of incorporation, only votes cast "for" the election of directors or those cast "for" or "against" any other proposal will be counted in determining whether a nominee for director has been elected, the selection of PwC has been ratified or the shareholder proposal has been approved. Abstentions, broker non-votes and votes withheld are not treated as votes cast at the meeting for such purpose.

Proposal 1—Election of Directors

Shareholders annually elect directors to serve for one year and until their successors have been elected and shall have qualified. The nine persons whose biographies appear on pages 8 through 10 have been proposed by the Board of Directors based on a recommendation by the Governance Committee of the Board of Directors, none of whose members is an officer of the Company.

Seven of the nine nominees are neither employees nor former employees of Xerox, its subsidiaries or associated companies. These Board members bring to us valuable experience from a variety of fields.

If for any reason, which the Board of Directors does not expect, a nominee is unable to serve, the proxies may use their discretion to vote for a substitute proposed by the Board of Directors.

Corporate Governance

We have updated and enhanced our corporate governance policies and procedures. In this connection our Board of Directors has adopted new charters for the Board's Audit, Compensation (formerly Executive Compensation and Benefits Committee) and Finance Committees and has created a Corporate Governance Committee (in place of the former Nominating Committee) with greatly expanded responsibilities. Our Board also adopted Corporate Governance Guidelines, a Code of Business Conduct and Ethics For Members of the Board of Directors and a numerical standard for determining independence of our directors with outside business and charitable relationships. The Corporate Governance Guidelines and the charters of the Audit, Compensation and Corporate Governance Committees are attached to this proxy statement as Exhibits I, II, III and IV. The Finance Committee Charter and Code of Business Conduct and Ethics For Members of the Board of Directors can be found on our website at <http://www.xerox.com> and then clicking on Investor Relations. We believe that as a result of these actions we are in substantial compliance with the relevant provisions of the Sarbanes-Oxley Act of 2002 and proposed new corporate governance listing standards of the New York Stock Exchange ("NYSE").

The NYSE proposed listing standards permit a listed company to adopt a percentage test for determining that a director's relationship is immaterial for determining independence. The test adopted by our Board provides, in effect, that a business relationship is immaterial if the amount involved is less than one percent of our revenue or that of the other entity. If we borrow from the other entity the amount must represent less than one percent of our consolidated assets or those of the other entity to satisfy the test. Charitable donations to an entity with which a director is connected would be considered immaterial if the amount represents less than five percent of the annual donations to the entity. The full text of the standard adopted by our Board may be found at <http://www.xerox.com> and then clicking on Investor Relations.

Our Board has determined that based upon this standard all of our directors are independent, with the exception of Anne M. Mulcahy, our Chairman and Chief Executive Officer, and Yotaro Kobayashi, Chairman of the Board of our affiliate, Fuji Xerox Co., Ltd. As a result, 78% of the proposed members of our Board are independent.

Set forth below is a list of the Committees of our Board, the number of meetings held and a summary of the responsibilities of each Committee and its membership.

Committee Functions, Membership and Meetings

Our Board of Directors has several standing committees: the Audit, Governance, Compensation, Finance and Executive Committees. Here is a description of each Committee, the number of meetings held during 2002 and its membership during 2002:

Audit Committee (12 meetings)

Reference is made to a complete copy of the charter of the Audit Committee which is attached to this Proxy Statement as Exhibit II. Responsibility:

- oversight of the integrity of the Company's financial statements,
- Company's compliance with legal and regulatory requirements,
- independent auditors' qualifications and independence,
- performance of the Company's independent auditors and the internal audit function and
- Company's code of business conduct and ethics.

The Committee is also responsible for the preparation of the audit committee report required by the Rules of the Securities and Exchange Commission to be included in the Company's annual proxy statement.

Consistent with the foregoing, a Report of the Audit Committee appears on pages 23-24 under "Audit Committee Report."

Members: Antonia Ax:son Johnson, Hilmar Kopper, N. J. Nicholas, Jr., and John E. Pepper, all non-employee directors.

Chairman: Mr. Pepper

All of the members of the Audit Committee are independent as defined in the listing standards of the NYSE.

Governance Committee (three meetings)

Reference is made to a complete copy of the charter of the Governance Committee which is attached to this Proxy Statement as Exhibit IV. Responsibility:

- identify and recommend to the Board individuals to serve as directors of the Company and on committees of the Board,
- advise the Board regarding composition, procedures and committees,

- develop and recommend to the Board and annually review a set of corporate governance principles applicable to the Company,
- evaluate and recommend director compensation to the Board, and
- oversee the annual Board and Committee evaluation processes.

The Committee recommends to the Board of Directors nominees for election as directors of the Company. The Committee considers the performance of incumbent directors in determining whether to recommend their nomination.

Members: Vernon E. Jordan, Jr., Ralph S. Larsen and N. J. Nicholas, Jr., all non-employee directors.

Chairman: Mr. Jordan

All of the members of the Corporate Governance Committee are independent as defined in the listing standards of the NYSE.

Compensation Committee (eight meetings)

Reference is made to a complete copy of the charter of the Compensation Committee which is attached to this Proxy Statement as Exhibit III. Responsibility:

- recommends to the Board of Directors the remuneration arrangements for senior management of the Company including the adoption of compensation plans in which senior management is eligible to participate and the granting of benefits under any such plans;
- consults with the Chief Executive Officer and advises the Board with respect to senior management succession planning;
- review and approve performance goals and objectives with respect to the compensation of the Chief Executive Officer and all other officers consistent with approved compensation plans; and
- oversee the performance evaluation of the Chief Executive Officer and all other officers against approved goals and objectives.

Members: Antonia Ax:son Johnson, Ralph S. Larsen and John E. Pepper, all non-employee directors.

Chairman: Mr. Larsen

All of the members of the Compensation Committee are independent as defined in the listing standards of the NYSE.

Finance Committee (four meetings)

Responsibility:

- oversees the investment management of the Company's employee savings and retirement plans; and
- reviews the Company's asset mix, capital structure and strategies, financing strategies, insurance coverage and dividend policy.

Members: Vernon E. Jordan, Jr., Hilmar Kopper and N. J. Nicholas, Jr., all non-employee directors.

Chairman: Mr. Nicholas

All of the members of the Finance Committee are independent as defined in the listing standards of the NYSE.

Executive Committee (no meetings)

The Executive Committee has all the authority of the Board of Directors, except with respect to certain matters that by statute may not be delegated by the Board of Directors. The committee acts only in the intervals between meetings of the full Board of Directors. It acts usually in those cases where it is not feasible to convene a special meeting or where the agenda is the technical completion of undertakings already approved in principle by the full Board.

Members: Vernon E. Jordan, Jr., Ralph S. Larsen and Anne M. Mulcahy.

Chairman: Mrs. Mulcahy

Attendance and Compensation of Directors

Attendance: 10 meetings of the Board of Directors and 27 meetings of the Board committees were held in 2002. All incumbent directors attended at least 75 percent of the total number of meetings of the Board of Directors and Board committees on which they served.

We believe that attendance at meetings is only one means by which directors may contribute to the effective management of the Company and that the contributions of all directors have been substantial and are highly valued.

Summary of Director Annual Compensation

The compensation of directors during 2002 was as follows:

Cash	\$40,000
Committee Meetings	\$1,500 (for each meeting attended which is not held in connection with a regular Board meeting)

Restricted Stock	\$25,000 (number of shares based upon market value at time fee is payable-quarterly)
Options	5,000 options

* Applies only to commitment of a significant amount of time on substantive matters including informal meetings of the Board or a Committee on days when there is no formal meeting of the Board or such Committee. Payment of such fees are subject to prior approval by the Chairman of the Compensation Committee except in the case of the Chairman of such Committee which must be approved by a majority of the members of the Compensation Committee.

Restricted Stock: The number of shares issued is based on the market value at the time the fee is payable, which is in quarterly installments. The shares held by directors under this Plan are included in the Xerox securities owned shown in the biographies of the directors beginning on page 8. The shares may not be sold or transferred except upon death, retirement, disability, change in control or termination as a director with the consent of the majority of the Board.

Terms Used in Biographies

To help you consider the nominees, we provide summary biographical information. Certain terms used in the biographies may be unfamiliar to you, so we are defining them here.

Xerox securities owned means the Company's Common Stock, including restricted shares of Common Stock issued under the Restricted Stock Plan For Directors and Series B Convertible Preferred Stock. Series B shares are owned through the individual's account in the Xerox Employee Stock Ownership Plan. None of the nominees owns any of the Company's other securities.

Options/ Rights is the number of the Company's shares of Common Stock subject to stock options and incentive stock rights held by a nominee.

Immediate family means the spouse, the minor children and any relatives sharing the same home as the nominee.

Unless otherwise noted, all Xerox securities held are owned beneficially by the nominee. This means he or she has or shares voting power and/or investment power with respect to the securities, even though another name—that of a broker, for example—appears in the Company's records. All ownership figures are as of March 14, 2003.

Executive Compensation

Report of the Compensation Committee of the Board of Directors

Our report covers the following topics:

- Purpose of the Compensation Committee
- Actions Taken by the Committee in 2002
- Policy Regarding Tax Deductibility of Executive Compensation
- Chief Executive Officer Compensation

Purpose of the Compensation Committee

Following a comprehensive review of the Company's governance, the Board of Directors (the "Board") amended the charter of the Executive Compensation and Benefits Committee, creating the Compensation Committee (the "Committee") in order to discharge the responsibilities of the Board relating to compensation of the Company's officers. Specific responsibilities of the Committee include reviewing and approving performance goals of the Chief Executive Officer and all other officers, overseeing the performance evaluation of all officers, reviewing and approving executive compensation plans, setting the compensation for the Chief Executive Officer and all other officers, and consulting with the Chief Executive Officer and the Board on management succession. The Committee's full Charter is attached to this Proxy Statement as Exhibit III.

The Committee is comprised of three independent non-employee directors.

Actions Taken by the Committee in 2002

In connection with their duties, the Committee met eight times during 2002.

Compensation provided executive officers is targeted at levels equal to or better than the compensation paid by a peer group of companies for equivalent skills and competencies for positions of similar responsibilities and desired levels of performance. The Company's executive compensation policies, plans and programs are designed to provide competitive levels of compensation that align pay with the Company's annual and long-term performance objectives. They also recognize corporate and individual achievement while supporting the Company objectives of attracting, motivating and retaining high-performing executives.

In determining compensation levels to meet compensation policy objectives, the Committee reviewed and compared Xerox executive officer compensation to relevant external competitive compensation data. The Committee reviewed the reported compensation data of firms that were part of the *Business Week* Computers and Peripherals Industry Group (included in the data shown on the performance graph on page 22). The Committee also reviewed a broader group of organizations with which the Company is likely to compete for executive expertise and which are of similar size and scope. The latter group includes global companies in technology, office equipment and other related industries.

During 2002, the total shareholder return for the majority of companies in the latter group was negative, as was the Company's total 2002 shareholder return. On a relative basis, the Company ranked in the third quartile in total shareholder return in 2002 and in the third quartile in total shareholder return over the past three years.

The Committee set base salaries taking into account each executive's performance and the competitive data referenced above. In addition, a substantial portion, generally two-thirds or more of targeted total compensation, of each executive officer's total compensation is at risk and variable from year to year because it is linked to specific performance goals of the business.

Goals for the Company in 2002 included improving cash flow, improving profitability, generating revenue, restoring confidence in the financial stewardship of the Company, executing a turnaround in the Company's Developing Markets Operations, launching new products and maintaining the commitment and high morale of the Company's employees. Key to achievement of these goals was the retention of the senior management team. The principal pay programs used by the Committee in 2002 for officers are briefly described below:

2002 Retention Awards: The Committee approved cash retention awards totaling \$800,000 to be payable to three corporate officers, including Michael C. Mac Donald (award totaling \$300,000), subject to his remaining employed by the Company through the designated payment dates of June 2003 and December 2004.

The Committee also approved stock option retention awards to seven officers, including Ursula M. Burns (100,000 shares), James A. Firestone (50,000 shares) and Michael C. Mac Donald (50,000 shares). These stock option awards vest on October 14, 2007, five years from the date of the grant, assuming the executive remains employed by the Company.

Annual Performance Incentive Plan (APIP): Under APIP, executive officers of the Company are eligible to receive performance-related cash payments. Payments are, in general, only made if Committee-established annual performance objectives are met.

Early in 2002, the Committee approved an annual incentive target and maximum opportunity, expressed as a percentage of base salary, for each participating officer. In order to maintain competitive annual incentive target award opportunities, the Committee also increased the target annual award percentages for officers at the Senior Vice President and Vice President levels to 70% and 60% of annualized base salary respectively.

The Committee also established overall threshold, target and maximum measures of performance for the 2002 APIP. The performance measures and weightings for 2002 were cash management (40%), performance profit (40%), and revenue (20%). Additional goals were also established for each officer that included business-unit specific and/or individual performance goals and objectives, including new product launches and executing business turnarounds. The weightings associated with these business-unit specific or individual performance goals and objectives vary.

In June 2002, the Company restated and adjusted its 1997–2001 financial results. Following the restatement, the Committee approved mid-year payments of one-half the target amounts and approved revised performance goals for 2002 on a post-restatement basis. The mid-year payment was credited toward the full-year APIP.

For 2002, the performance against the post-restatement goals was as follows: cash management was below targeted levels, revenue generation was slightly below plan and performance profit was significantly better than plan. The Company successfully launched 17 new products and made significant progress toward improving its Developing Markets Operations. Accordingly, the Committee approved the balance of the APIP awards to participating officers which, when aggregated with the mid-year payment, ranged in total from 100% target levels to approximately 175% of target based on their individual and unit performance.

Base Salary Adjustments: Following a review of competitive information, the Committee approved base salary adjustments

for select officers. Certain executive officers received an additional adjustment to their base salary level during 2002 as a result of new responsibilities and/or to address unique retention concerns. The approved adjustments averaged 4% on an annualized basis.

Leveraged Executive Equity Plan (LEEP): Under the terms of the Xerox Corporation 1991 Long-Term Incentive Plan, the Committee implemented a three-year plan beginning in 2001 for key management executives, including executive officers.

LEEP consists of three equal annual grants of stock options and restricted stock. Award levels are determined to provide competitive long-term incentive opportunities if shareholder value is increased. Stock options under LEEP vest fully after three years and remain exercisable for ten years following their date of grant. Restricted stock awarded under LEEP vests 100% after one year. All executive officers and select senior executives are eligible for LEEP. The first annual grant under LEEP was made effective on January 1, 2001. The second annual grant was made on January 1, 2002, and the final annual grant was made effective on January 1, 2003.

Policy Regarding Tax Deductibility of Executive Compensation

It is the Company's goal to have most compensation paid to its top officers qualify as tax deductible for federal tax purposes under Section 162(m) of the Internal Revenue Code.

However, certain compensation paid to named officers in 2002 does not meet the requirements of Section 162(m), most notably APIP awards for 2002 and the value of restricted stock awards that vested in 2002, to the extent that compensation exceeds \$1 million for a named officer.

We believe it is appropriate to provide competitive compensation opportunities even though they may not be fully tax-deductible in any given year.

Chief Executive Officer Compensation

During the year, the Committee took the following actions with respect to the compensation paid to Mrs. Mulcahy, Chairman and Chief Executive Officer of the Company.

Base Salary: Mrs. Mulcahy's annualized base salary remained at \$1,000,000.

2002 Bonus: Mrs. Mulcahy's annual target bonus remained at 100% of base salary. As described above, Mrs. Mulcahy received a mid-year payment of one-half target amount.

Mrs. Mulcahy was awarded an annual bonus of \$1,500,000, or 150% of target, including the mid-year payment mentioned above. The relationship of Mrs. Mulcahy's annual bonus and Company performance is discussed above under APIP. By contrast, APIP awards for 2001 were for purposes of retention and not based upon Company performance.

Long-Term Incentive: Mrs. Mulcahy received an award under the LEEP program as described earlier. On January 1, 2002, Mrs. Mulcahy received a stock option grant for 934,600 shares that will vest one-third each January 1st following the grant effective date, and a restricted stock award for 250,000 shares that vested on January 1, 2003.

Effective on January 1, 2003, Mrs. Mulcahy received a stock option grant for 934,600 shares that will vest one-third each January 1st following the grant effective date, and a restricted stock award for 250,000 shares that will vest on January 1, 2004.

The Committee made these awards to provide the incentives necessary to retain Mrs. Mulcahy and to reward her for her contributions and leadership in significantly increasing the profitability of the Company, improving confidence regarding the financial stewardship of the Company, introducing successful new products, and creating and maintaining the high morale and commitment of the Company's employees in an extremely challenging business environment.

Detailed information concerning Mrs. Mulcahy's compensation as well as that of other highly compensated executives is displayed on the accompanying charts and tables.

Lawrence A. Zimmerman Senior Vice President	2002	262,500	525,000	112,497	291,525	271,500	0

(A) For 2002, the amount indicates payment of the annual incentive awards to all Named Officers. Excluded from this amount is the retention award to Michael C. Mac Donald of \$300,000 of which 50% is payable in June 2003, repayable in the event he voluntarily resigns prior to 12/31/2004 and 50% payable by 12/31/2004, provided he remains actively employed on the payment date. Cash bonuses paid for 2001 were for purposes of retention only and were not based on Company performance.

(B) Other Annual Compensation includes executive expense allowance, dividend equivalents paid on outstanding incentive stock rights and restricted stock awards, perquisite compensation, tax-related reimbursements arising from relocation and/or international assignments and above-market interest. For Lawrence A. Zimmerman, this amount includes a lump sum payment by the Company of \$90,000 in lieu of the repayment of certain relocation expenses.

(C) As discussed in the report of the Compensation Committee, for 2002 this column reflects restricted stock awarded under LEEP. Restricted stock awarded vests one year from the date of the grant and provides the payment of dividend equivalents at the same time and in the same amount declared on one share of the Company's common stock. For the year 2000, this column also reflects incentive stock units awarded under the Xerox Corporation 1991 Long-Term Plan (the "1991 Plan") where each unit represents one share of stock to be issued upon vesting at the attainment of a specific retention period. Each unit is entitled to the payment of dividend equivalents at the same time and in the same amount declared on one share of the Company's common stock. The number of restricted shares and units held by the Named Officers and their value as of December 31, 2002 (based upon the closing market price on that date of \$8.05) was as follows: Anne M. Mulcahy — 259,440 (\$2,088,492), James A. Firestone — 41,080 (\$330,694), Ursula M. Burns — 108,800 (\$875,840), Michael C. Mac Donald — 25,000 (\$201,250) and Lawrence A. Zimmerman — 32,500 (\$261,625). This excludes the final installment of grants of restricted stock made on January 1, 2003 under LEEP as follows: Anne M. Mulcahy — 250,000 (\$1,971,250), James A. Firestone — 50,000 (\$394,250), Ursula M. Burns — 80,000 (\$630,800), Michael C. Mac Donald — 40,000 (\$315,400) and Lawrence A. Zimmerman — 50,000 (\$394,250).

(D) This excludes the final installment of grants of stock options made effective on January 1, 2003 under LEEP as follows: Anne M. Mulcahy — 934,600, James A. Firestone — 187,000, Ursula M. Burns — 280,400, Michael C. Mac Donald — 149,600, and Lawrence A. Zimmerman — 187,000.

(E) The amount shown in this column consists of the estimated dollar value of the benefit to the officer from the Company's portion of insurance premium payments under the Company's Contributory Life Insurance Plan on an actuarial basis. The Company will recover all of its premium payments at the end of the term of the policy, generally at age 65.

Option Grants

The following table sets forth information concerning awards of stock options to the Named Officers under the Company's 1991 Plan effective during the fiscal year ended December 31, 2002. The amounts shown for potential realizable values are based upon arbitrarily assumed annualized rates of stock price appreciation of five and ten percent over the full ten-year term of the options, pursuant to SEC regulations. Based upon a ten-year option term, this would result in stock price increases of 63% and 159% respectively or \$16.883 and \$26.884 for the options with the \$10.365 exercise price; \$8.373 and \$13.332 for the options with the \$5.14 exercise price and \$14.619 and \$23.279 for the options with the \$8.975 exercise price. The amounts shown as potential realizable values for all shareholders represent the corresponding increases in the market value of 738,272,670 shares outstanding held by all shareholders as of December 31, 2002. Any gains to the Named Officers and the shareholders will depend upon future performance of the Common Stock of the Company as well as overall market conditions.

Retirement Plans

Retirement benefits are provided to the executive officers of the Company including the Named Officers primarily under unfunded executive supplemental plans and, due to Internal Revenue Code limitations, to a much lesser extent under the Company’s Retirement Income Guarantee Plan. The table below shows, under the plans, the approximate annual retirement benefit that would accrue for the number of years of credited service at the respective average annual compensation levels. The earliest retirement age for benefit commencement generally is age 60. In the event of a change in control (as defined in the plans) there is no age requirement for eligibility. The benefit accrues generally at the rate of 1 2/3% per year of credited service, but for certain mid-career hire executives the rate is accelerated to 2 1/2%, including Lawrence A. Zimmerman who also receives 2 years of credited service for each year of employment. An accelerated benefit accrual also applies to Officers who were designated as Grandfathered Officers with twice the 1 2/3% accrual for 15 years and these participants are permitted to retire as early as age 55 (this applies to Anne M. Mulcahy). No additional benefits are payable for participation in excess of 30 years for those accruing benefits at the rate of 1 2/3% per year, 20 years for those accruing benefits at the rate of 2 1/2% per year and 15 years for the Grandfathered Officers.

3,000,000	745,000	993,000	1,242,000	1,490,000

The maximum benefit is 50% of the five highest years average annual compensation reduced by 50% of the primary social security benefit payable at age 65. The benefits shown are payable on the basis of a straight life annuity and a 50% survivor annuity for a surviving spouse. The plans provide a minimum benefit of 25% of defined compensation reduced by such social security benefit other than for the key executives accruing benefits at the accelerated rate.

The following individuals have the years of credited service for purposes of the plans as follows:

Name	Years of Credited Service(A)
Anne M. Mulcahy	30
James A. Firestone	5
Ursula M. Burns	22
Michael C. Mac Donald	26
Lawrence A. Zimmerman	2

(A) Thirty years is the maximum permitted credited service under the plans. Credited service shown reflects the accelerated accrual for mid-career hire executives and Grandfathered Officers and the enhanced service credit for Mr. Zimmerman. The years of credited service reflected can be applied to the annual benefit table above to determine the annual benefit.

Compensation under the plans includes the amounts shown in the salary and bonus columns under the Summary Compensation Table other than payments under the 1991 Plan to the extent included in the bonus column.

The five highest years average compensation for purposes of the plans as of the end of the last fiscal year for the Named Officers is: Anne M. Mulcahy \$1,135,209; James A. Firestone \$617,335; Ursula M. Burns \$486,078; Michael C. Mac Donald \$502,830 and Lawrence A. Zimmerman \$476,250.

Severance Agreements

In October 2000, the Company entered into an agreement with Anne M. Mulcahy, which provides severance benefits in the event of termination of employment under certain circumstances following a change in control of the Company (as defined in the agreement). The circumstances are termination by the Company, other than because of death or disability, commencing prior to a potential change in control (as defined in the agreement), or for cause (as defined in the agreement) or by the officers for good reason (as defined in the agreement). Anne M. Mulcahy would be entitled to receive a lump sum severance payment equal to three times the sum of:

- the greater of (1) the officer's annual rate of base salary on the date notice of termination is given and (2) his/her annual rate of base salary in effect immediately prior to the change in control and
- the greater of (1) the annual target bonus applicable to such officer for the year in which such notice is given and (2) the annual target bonus applicable to such officer for the year in which the change in control occurs.

The agreement provides for the continuation of certain welfare benefits for a period of 36 months following termination of employment and contains a gross-up payment (as defined in the agreement) if the total payments (as defined in the agreement) are subject to excise tax imposed under Section 4999 of the Internal Revenue Code of 1986, as amended.

The agreement also provides that in the event of a potential change in control (as defined in the agreement), Anne M. Mulcahy, subject to the terms of the agreement, will remain in the employ of the Company for nine months following the occurrence of any such potential change in control.

The agreement is automatically renewed annually unless the Company gives notice that it does not wish to extend it. In addition, the agreement will continue in effect for two years after a change in control of the Company.

The Company has also entered into agreements with 30 other officers or other key executives, including Ursula M. Burns, James A. Firestone, Michael C. Mac Donald and Lawrence A. Zimmerman, that provide identical benefits described above, except that these officers and key executives would be entitled to receive a lump-sum severance payment equal to two times their annual compensation and they would receive welfare benefits continuance for a period of 24 months.

Employment Arrangement

In connection with his continued employment, the Company entered into an agreement with Carlos Pascual, Executive Vice President. The agreement arises out of changes made to Xerox Spain's pension plans consistent with proposed Spanish law requirements. It is designed to mitigate the potential impact of U.S. income tax on Mr. Pascual's retirement benefit, as a result of the change in Spanish law. Subject to certain conditions in the Agreement, the Company has agreed to indemnify Mr. Pascual for U.S. income tax on his Spanish pension. The Agreement also provides that should the Company end Mr. Pascual's employment earlier than December 31, 2005, he will be provided with salary continuance through December 31, 2005. The amount paid as salary continuance to Mr. Pascual will not exceed the greater of \$850,000 or 24 times his monthly salary in effect at the end of his active employment. He will also be provided with relocation assistance in an amount not to exceed \$100,000.

In connection with Lawrence A. Zimmerman joining the Company as Senior Vice President and Chief Financial Officer, the Company and Mr. Zimmerman entered into a Letter Agreement dated May 20, 2002. Under the terms of the Letter Agreement, which was presented to and approved by the Compensation Committee, Mr. Zimmerman's initial annual base salary was fixed at \$450,000 and his target bonus of 70% of base salary was established. The 2002 bonus amount was approved based upon

Company performance and Mr. Zimmerman's performance against specified personal objectives during the year. He was also awarded options with respect to 271,500 shares at an option price of \$8.975 per share, the fair market value per share on the effective date of his election. Of these, 150,000 were issued as a signing bonus and fully vest on January 1, 2005, while the balance of 121,500 were issued as part of his initial LEEP award and vest in annual installments of one-third commencing on January 1, 2003. The LEEP award also included an award of 32,500 restricted shares of Common Stock vesting on January 1, 2003. Under the Letter Agreement, Mr. Zimmerman will participate in the Supplemental Executive Retirement Plan with a minimum retirement benefit of 12.5% of his average eligible compensation after 2.5 years of service. The Letter Agreement also provides for a lump sum payment by the Company of \$90,000, less applicable withholding taxes, in lieu of expenses related to his relocation from Boulder, Colorado.

Option Surrender Rights

All non-qualified options under the 1991 Plan and the Xerox Corporation 1998 Employee Stock Option Plan (the "1998 Plan") are accompanied by option surrender rights. If there is a change in control, as defined in the plans, all such rights which are in the money become payable in cash based upon a change in control price as defined in the plans. The 1991 Plan also provides that upon the occurrence of such an event, all restricted stock and incentive stock rights become payable in cash. In the case of rights payable in shares, the amount of cash is based upon such change in control price and in the case of rights payable in cash, the cash value of such rights. Rights payable in cash but which have not been valued at the time of such an event are payable at the maximum value as determined by the Compensation Committee at the time of the award. Upon accelerated payment, such rights and any related non-qualified stock options will be canceled.

Grantor Trusts

The Company has established grantor trusts with a bank for the purpose of paying amounts due under the deferred compensation plan and the severance agreements described above, and the unfunded supplemental retirement plans described above. The trusts are presently unfunded, but the Company would be required to fund the trusts upon the occurrence of certain events.

Litigation

In re Xerox Derivative Actions: A consolidated putative shareholder derivative action is pending in the Supreme Court of the State of New York, County of New York against several current and former members of the Board of Directors including William F. Buehler, B.R. Inman, Antonia Ax:son Johnson, Vernon E. Jordan, Jr., Yotaro Kobayashi, Hilmar Kopper, Ralph Larsen, George J. Mitchell, N.J. Nicholas, Jr., John E. Pepper, Patricia Russo, Martha Seger, Thomas C. Theobald, Paul Allaire, G. Richard Thoman, Anne Mulcahy and Barry Romeril, and KPMG. The plaintiffs purportedly brought this action in the name of and for the benefit of the Company, which is named as a nominal defendant, and its public shareholders.

The second consolidated amended complaint alleges that each of the director defendants breached their fiduciary duties to the Company and its shareholders by, among other things, ignoring indications of a lack of oversight at the Company and the existence of flawed business and accounting practices within the Company's Mexican and other operations; failing to have in place sufficient controls and procedures to monitor the Company's accounting practices; knowingly and recklessly disseminating and permitting to be disseminated, misleading information to shareholders and the investing public; and permitting the Company to engage in improper accounting practices. The plaintiffs further allege that each of the director defendants breached his/her duties of due care and diligence in the management and administration of the Company's affairs and grossly mismanaged or aided and abetted the gross mismanagement of the Company and its assets. The second amended complaint also asserts claims of negligence, negligent misrepresentation, breach of contract and breach of fiduciary duty against KPMG. Additionally, plaintiffs claim that KPMG is liable to Xerox for contribution, based on KPMG's share of the responsibility for any injuries or damages for which Xerox is held liable to plaintiffs in related pending securities class action litigation. On behalf of the Company, the plaintiffs seek a judgment declaring that the director defendants violated and/or aided and abetted the breach of their fiduciary duties to the Company and its shareholders; awarding the Company unspecified compensatory damages against the director defendants, individually and severally, together with pre-judgment and post-judgment interest at the maximum rate allowable by law; awarding the Company punitive damages against the director defendants; awarding the Company compensatory damages against KPMG; and awarding plaintiffs the costs and disbursements of this action, including reasonable attorneys' and experts' fees. On December 16, 2002, the Company and the individual defendants answered the complaint. The individual defendants deny the wrongdoing alleged and intend to vigorously defend the litigation.

Pall v. Buehler, et al.: On May 16, 2002, a shareholder commenced a derivative action in the United States District Court for the District of Connecticut against KPMG. The Company was named as a nominal defendant. Plaintiff purported to bring this action derivatively in the right, and for the benefit, of the Company. He contended that he is excused from complying with the prerequisite to make a demand on the Xerox Board of Directors, and that such demand would be futile, because the directors are disabled from making a disinterested, independent decision about whether to prosecute this action. In the original complaint, plaintiff alleged that KPMG, the Company's former outside auditor, breached its duties of loyalty and due care owed to Xerox by repeatedly acquiescing in, permitting and aiding and abetting the manipulation of Xerox's accounting and financial records in order to improve the Company's publicly reported financial results. He further claimed that KPMG committed malpractice and breached its duty to use such skill, prudence and diligence as other members of the accounting profession commonly possess and exercise. Plaintiff claimed that as a result of KPMG's breaches of duties, the Company has suffered loss and damage. On May 29, 2002, plaintiff amended the complaint to add as defendants the present and certain former directors of the Company. He added claims against each of them for breach of fiduciary duty, and separate additional claims against the directors who are or were members of the Audit Committee of the Board of Directors, based upon the alleged failure, inter alia, to implement, supervise and maintain proper accounting systems, controls and practices. The amended derivative complaint demands a judgment declaring that the defendants have violated and/or aided and abetted the breach of fiduciary and professional duties to the Company and its shareholders; awarding the Company unspecified compensatory damages, together with pre-judgment and post-judgment interest at the maximum rate allowable by law; awarding the Company punitive damages; and awarding the plaintiff the costs and disbursements of the action, including reasonable attorneys' and experts' fees. On August 16, 2002, the individual defendants and Xerox filed a motion to dismiss the action. On March 27, 2003 the motion was granted dismissing the action in its entirety. Plaintiffs have until April 28, 2003 to appeal. The individual defendants deny the wrongdoing alleged and intend to vigorously defend the litigation.

Lerner v. Allaire, et al.: On June 6, 2002, a shareholder, Stanley Lerner, commenced a derivative action in the United States District Court for the District of Connecticut against Paul A. Allaire, William F. Buehler, Barry D. Romeril, Anne M. Mulcahy and G. Richard Thoman. The plaintiff purports to bring the action derivatively, on behalf of the Company, which is named as a nominal defendant. Previously, on June 19, 2001, Lerner made a demand on the Board of Directors to commence suit against certain officers and directors to recover unspecified damages and compensation paid to these officers and directors. In his demand, Lerner contended, inter alia, that management was aware since 1998 of material accounting irregularities and failed to

take action and that the Company has been mismanaged. At its September 26, 2001 meeting, the Board of Directors appointed a special committee to consider, investigate and respond to the demand. In this action, plaintiff alleges that the individual defendants breached their fiduciary duties of care and loyalty by disguising the true operating performance of the Company through improper undisclosed accounting mechanisms between 1997 and 2000. The complaint alleges that the defendants benefited personally, through compensation and the sale of company stock, and either participated in or approved the accounting procedures or failed to supervise adequately the accounting activities of the Company. The plaintiff demands a judgment declaring that defendants intentionally breached their fiduciary duties to the Company and its shareholders; awarding unspecified compensatory damages to the Company against the defendants, individually and severally, together with pre-judgment and post-judgment interest; awarding the Company punitive damages; and awarding the plaintiff the costs and disbursements of the action, including reasonable attorneys' and experts' fees. On September 18, 2002, the individual defendants and Xerox filed a motion to dismiss the action, or alternatively to stay the action pending the disposition of *In re Xerox Derivative Actions*. That motion is currently pending. The individual defendants deny the wrongdoing alleged and intend to vigorously defend the litigation.

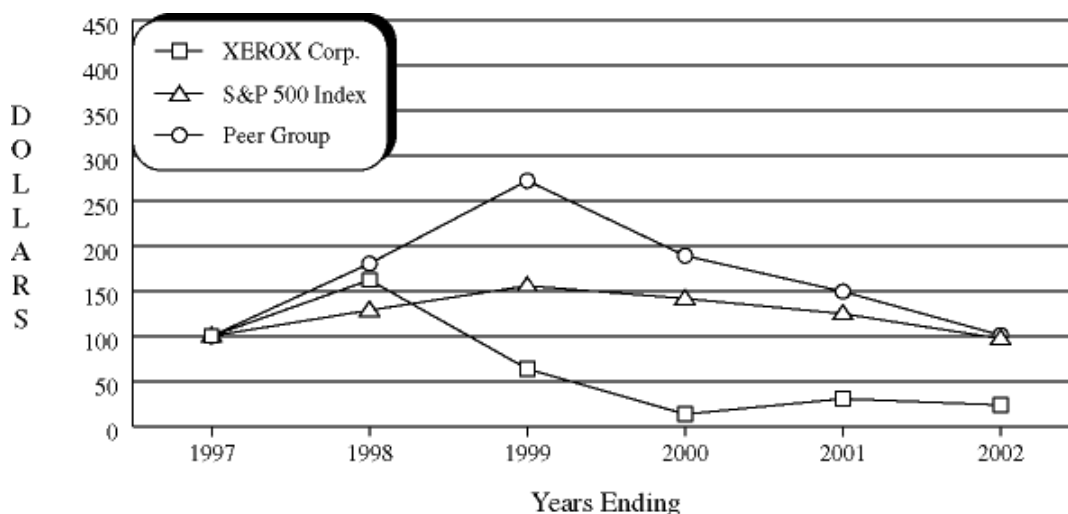

Indemnification Actions

The Company's By-Laws provide for indemnification of officers and directors to the full extent permitted by New York law. Consistent with these By-Laws, the Board of Directors has authorized the Company to advance counsel fees and other reasonable fees and expenses incurred by Messrs. Allaire, Fishbach, Marchibroda, Romeril, Tayler and Thoman in connection with the previously disclosed investigation by the Securities and Exchange Commission ("SEC"), which was resolved as to the Company through the Company's April 2002 settlement with the SEC, and the Company has advanced an aggregate of \$4.8 million. Also consistent with the By-Laws, in connection with the civil litigation matters mentioned above as well as *In re Xerox Corporation Securities Litigation*; *Carlson v. Xerox Corporation, et al.*; *Bingham v. Xerox Corporation, et al.*; and *Florida State Board of Administration, et al. v. Xerox Corporation*; and *In Re Xerox Corp. ERISA Litigation* cases described in Note 15-Litigation, Regulatory Matters and Other Contingencies in the 2002 Annual Report to Shareholders accompanying this Proxy Statement and a derivative action which was dismissed during 2002, the Board of Directors has authorized the Company to advance counsel fees and other reasonable fees and expenses, actually and necessarily incurred by the present and former directors and officers who are individual defendants, and the Company has advanced, since the previous report to shareholders as to these fees and expenses, an aggregate of \$4.4 million. Each of the individual defendants has, in accordance with the requirements of the Business Corporation Law of the State of New York ("BCL"), executed an undertaking to repay such expenses if they are finally found not to be entitled to indemnification under the Company's By-Laws and the BCL.

Proposal 3—Shareholder Proposal to Amend the By-Laws to Allow Shareholders to Call Special Meetings for Any Purpose

The New York City Teachers' Retirement System ("NYCTRS"), c/o The City of New York, office of the Comptroller, 1 Centre Street, New York, New York 10007-2341, which has advised the Company that it is the beneficial owner of 676,000 shares of Common Stock has submitted the following proposal:

BE IT RESOLVED, that the shareholders of Xerox Corporation request the Board of Directors to take the necessary steps to amend the Bylaws to allow the shareholders to call special meetings, such that special meetings of the stockholders, for any purpose, may be called by a majority of the entire Board of Directors, and by shareholders representing at least ten percent of the shares entitled to vote at such meetings.

STATEMENT IN SUPPORT

The rights of the shareholders to call special meetings should not be abridged.

The company's elimination of this right of shareholders to act to remove incumbent directors for egregious conduct should not be limited to the annual meeting. Also, shareholders should not be prevented from giving timely consideration to a bidder's proposal to acquire control of the company, or a dissident shareholder's slate of nominees for election to the Board of Directors, because proposals are required to be presented only at the annual meeting.

BOARD OF DIRECTORS RECOMMENDATION

The Company's By-Laws require that the Company hold an annual meeting of shareholders each year and allow special meetings to be called by the Chairman of the Board of Directors or the Board of Directors. The Proposal would allow shareholders representing only 10 percent of the voting shares to call special meetings at any time for any reason. The Board believes that an unlimited number of special meetings of shareholders would be of little or no benefit to the majority of shareholders, would be very disruptive to the conduct of Company's business and would impose significant administrative and financial burdens on the Company. If there is any matter that a shareholder believes should be brought before the shareholders for a vote, he/she can bring it to an annual meeting. The By-Laws prescribe the timing and process for doing this and the timing and process for the 2004 shareholders meeting is described on page 25 of this proxy statement. It would be only in the most unique circumstances that a special meeting of shareholders between annual meetings would be necessary in the best interests of a majority of shareholders. Preparing for such a meeting requires significant attention from officers and employees and involves legal, printing and postage expense. The Board, 75% of whose members are independent, believes that shareholders have selected them to act in the best interests of all constituencies. The current provisions of the By-Laws ensure the orderly conduct of corporate affairs and allow the directors to determine when it is in the best interests of shareholders to hold a special meeting. A minority of shareholders should not be allowed to impose the burden and expense of a special meeting of shareholders for any purpose which might not serve the best interests of a majority of shareholders.

To be adopted, the proposal must be approved by a *majority* of the votes cast.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE AGAINST THIS PROPOSAL.

The Board's responsibility is to regularly monitor the effectiveness of management policies and decisions including the creation and execution of its strategies. The Board is also responsible for monitoring the establishment and enforcement of procedures designed to ensure that the Company's management and employees operate in a legal and ethically responsible manner. When it is appropriate or necessary, it is the Board's responsibility to remove the Chief Executive Officer and to select his or her successor.

To achieve the above goals, the Board will monitor the performance of the Company (in relation to its goals, strategy and competitors) and the performance of the Chief Executive Officer and offer advice and feedback.

Role of Directors

The business of the Company is managed under the direction of the Board. Normally it is management's job to formalize, propose and implement strategic choices, and the Board's role to approve strategic direction and evaluate strategic results. However, as a practical matter, the Board and management will be better able to carry out their respective responsibilities if there is an ongoing dialogue among the Chief Executive Officer, other members of top management and Board members. To facilitate such discussions, the Board conducts an annual review of the Company's long-term strategic plans and principal issues. Periodically during the year, the Board receives strategy updates from members of senior management of the Company.

Directors are expected to spend the time and effort necessary to properly discharge their responsibilities. Accordingly, a Director is expected to regularly attend meetings of the Board and committees on which he or she sits, and to review prior to meetings material distributed in advance for such meetings. A Director who is unable to attend a Board or Committee meeting (which, it is understood will occur on occasion) is expected to notify the Secretary of the Company who will advise the Chairman of the Board and/or the Chairman of the relevant Committee.

Selection of the Chairman of the Board

The Board does not require the separation of the offices of the Chairman of the Board and the Chief Executive Officer. The Board shall be free to choose its Chairman in any way that it deems best for the Company at any given point in time.

Size of the Board

In recent years the Board has had 8-12 Directors and it is the sense of the Board that this size is about right. This range permits diversity of experience without hindering effective discussion or diminishing individual accountability.

Independence of the Board

The Board is comprised of a substantial majority of Directors who qualify as independent Directors under the listing standards of the New York Stock Exchange (NYSE). The Corporate Governance Committee as well as the Board annually review the relationships that each Director has with the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company) to insure compliance with NYSE listing standards and requirements otherwise imposed by law or regulation. Following this review, only those Directors who the Board affirmatively determines have no material relationship with the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company) will be considered independent Directors under such standards, law or regulation. The Board may adopt and disclose categorical standards to assist it in determining Director independence.

Board Membership Criteria

The ultimate responsibility for the selection of new Directors resides with the Board. The identification, screening and recommendation process has been delegated to the Corporate Governance Committee, which reviews candidates for election as Directors and annually recommends a slate of Directors for approval by the Board and election by the shareholders.

The Board requires that a substantial majority of the Board should consist of independent Directors. Any management representation should be limited to top Xerox management. Nominees for Director are selected on the basis of, among other things, broad perspective, integrity, independence of judgment, experience, expertise, diversity, ability to make independent analytical inquiries, understanding of the Company's business environment and willingness to devote adequate time and effort to Board responsibilities. Members should represent a predominance of business backgrounds and bring a variety of experiences and perspectives to the Board.

Other Company Directorships

The Company does not have a policy limiting the number of other company boards of directors upon which a Director may sit. However, the Corporate Governance Committee shall consider the number of other company boards and other boards (or comparable governing bodies) on which a prospective nominee is a member. It is the sense of the Board that prospective Directors should simultaneously serve on no more than 2-4 other company Boards, depending on their personal circumstances.

Directors are expected to advise the Chairman of the Board and the Chairman of the Corporate Governance Committee in advance of accepting any other company directorship or any assignment to the audit committee or compensation committee of the Board of Directors of any other company.

Directors Who Change Their Present Job Responsibility

Any Director whose affiliation or position of principal employment changes substantially after election to the Board will be expected to submit a resignation as a Director for consideration by the Corporate Governance Committee and the Board. The Corporate Governance Committee will review with the Board the effects of this change upon the interests of the Company and recommend to the Board whether to accept the resignation. Directors who are also Xerox employees are expected to offer their resignation from the Board at the same time they leave active employment with the Company, which shall be subject to acceptance by the Board.

Retirement Age

It is the general policy of the Board that Directors will not stand for re-election after reaching age 70. However, the Board may determine to waive this policy in individual cases.

Term Limits

The Board does not believe it should establish term limits. While term limits could help ensure that there are fresh ideas and viewpoints available to the Board, they hold the disadvantage of losing the contribution of Directors who have been able to develop, over a period of time, increasing insight into the Company and its operations and, therefore, provide an increasing contribution to the Board as a whole.

As an alternative to term limits, the Corporate Governance Committee, in conjunction with the Chairman of the Board, will formally review each Director's continuation on the Board every five years. This will also allow each Director the opportunity to conveniently confirm his or her desire to continue as a member of the Board.

Board Compensation

A Director who is also an officer of the Company shall not receive additional compensation for such service as a Director.

The Company believes that compensation for non-employee Directors should be competitive and should encourage increased ownership of the Company's stock through the payment of a portion of Director compensation in Company stock, options to purchase Company stock or similar compensation. The Corporate Governance Committee will periodically review the level and form of the Company's Director compensation, including how such compensation compares to Director compensation of companies of comparable size, industry and complexity. Changes to Director compensation will be proposed to the full Board for consideration.

No member of the Audit Committee may receive, directly or indirectly, any compensation from the Company other than (a) fees paid to directors for service on the Board, (b) additional fees paid to directors for service on a committee of the Board (including the Audit Committee) and/or for serving as the chairperson of such a committee and (c) a pension or other deferred compensation for prior service that is not contingent on future services on the Board.

Board Access to Management, other Employees and Advisors

Board members have complete access to the Company's senior management and other employees. Board members have the authority to obtain advice and assistance from outside legal, accounting or other advisors of their own choosing, at the expense of the Company.

Board Interaction with Institutional Investors, Analysts, Press and Customers

The Board believes that management generally should speak for the Company. It is strongly recommended that each Director shall refer all inquiries from institutional investors, analysts, the press or customers to the Chief Executive Officer or the Corporate Secretary.

Any interested parties desiring to communicate with the non-management Directors regarding the Company may directly contact the Chairman of the Corporate Governance Committee, Mr. Vernon E. Jordan, Jr., Senior Managing Director, Lazard Freres & Co., LLC, 30 Rockefeller Center, New York, New York 10020.

Board Orientation and Continuing Education

The Company has an orientation process for new Directors to familiarize them with the Company's business, strategic plans, significant financial, accounting and risk management issues, compliance programs, conflicts policies, code of business conduct and business ethics and corporate governance guidelines. This process includes review of background materials, meetings with senior management and visits to Company facilities. Each Director is expected to participate in continuing educational programs in order to maintain the necessary level of expertise to perform his or her responsibilities as a Director.

Self-Evaluation by the Board

The Corporate Governance Committee will sponsor an annual self-assessment of the Board's performance as well as the performance of each committee of the Board, the results of which will be discussed with the full Board and each committee. The assessment will include a review of any areas in which the Board or management believes the Board can make a better contribution to the Company. The Corporate Governance Committee will also utilize the results of this self-evaluation process in assessing and determining the characteristics and critical skills required of prospective candidates for election to the Board and making recommendations to the Board with respect to assignments of Board members to various committees.

BOARD MEETINGS

Frequency of Meetings

There are 6 regularly scheduled meetings of the Board each year with at least one regularly scheduled meeting of the Board held each quarter.

Selection of Agenda Items for Board Meetings

The Chairman of the Board annually prepares a "Board of Directors Master Agenda." This Master Agenda sets forth a general agenda of items to be considered by the Board at each of its regular meetings during the year. Thereafter, the Chairman of the Board may adjust the agenda to include special items not contemplated during the initial preparation of the annual Master Agenda. Board members are invited to suggest inclusion of items on the agenda and are free to raise, at any Board meeting, subjects that are not specifically on the agenda.

Executive Sessions of Outside Directors

Each regularly scheduled Board meeting includes an executive session of all Directors and the CEO and, a separate executive session of just the non-management Directors. The Chairmen of the Governance Committee and the Compensation Committee will rotate responsibility to preside over non-management executive sessions and will be responsible for providing appropriate feedback to the CEO.

Attendance of Senior Management Personnel at Board Meetings

The Board expects the regular attendance at each of its meetings of non-Board members who are in the most senior management positions of the Company. In addition, the General Counsel and Corporate Secretary regularly attend Board meetings. Should the Chief Executive Officer want to add additional people as attendees on a regular basis, it is expected that this suggestion would be made to the Board for its concurrence.

Board Materials Distributed in Advance

Information and materials that are important to the Board's understanding of the agenda items and other topics to be considered at a Board meeting are distributed sufficiently in advance of the meeting to permit prior review by the Directors. The Directors are

expected to review such material prior to the meeting. In the event of a pressing need for the Board to meet on short notice or on occasions where the subject matter is too sensitive to be put on paper, certain proposals will be discussed at the meeting.

COMMITTEE MATTERS

Number and Names of Board Committees

The Company has 5 standing committees: Audit, Compensation, Corporate Governance, Executive and Finance. The purpose and responsibilities for each of these committees is outlined in committee charters adopted by the Board. The Board may, from time to time, form a new committee or disband a current committee depending on circumstances. In addition, the Board may determine to form ad hoc committees from time to time, and determine the composition and areas of competence of such committees.

Independence of Board Committees

Each of the Audit, Compensation, Corporate Governance and Finance Committees are composed entirely of independent Directors satisfying applicable legal, regulatory and stock exchange requirements necessary for an assignment to any such committee. The Chairman of the Board chairs the Executive Committee.

Assignment and Rotation of Committee Members

The Corporate Governance Committee is responsible, after consultation with the Chairman of the Board, for making recommendations to the Board with respect to the assignment of Board members to various committees. After reviewing the Corporate Governance Committee's recommendations, the Board is responsible for appointing the Chairman and members to the committees on an annual basis.

The Corporate Governance Committee annually reviews the Committee assignments and considers the rotation of the Chairman and members with a view toward balancing the benefits derived from continuity against the benefits derived from the diversity of experience and viewpoints of the various Directors.

Committee Meetings

The Chairman of each committee, in consultation with the committee members, will determine the frequency and length of the committee meetings consistent with any requirements set forth in the committee's charter. The Chairman of each committee, in consultation with the appropriate members of the committee and management, will develop the committee's agenda. The schedule for each committee will be furnished to all Directors.

LEADERSHIP DEVELOPMENT

Selection of the Chief Executive Officer

The Board is responsible for identifying potential candidates for, and selecting, the Company's Chief Executive Officer. In identifying potential candidates for and selecting the Company's Chief Executive Officer, the Board considers, among other things, a candidate's experience, understanding of the Company's business environment, leadership qualities, knowledge, skills, expertise, integrity, and reputation in the business community.

Evaluation of Chief Executive Officer

The Compensation Committee is responsible for overseeing the evaluation process for the Chief Executive Officer.

The process is intended to formally assess the Chief Executive Officer's past performance as well as to help the Board determine future developmental needs for the Chief Executive Officer. Consequently, there are two types of measures: 1) Financial Performance Measures (such as cash, profit and revenue) which track accountability for past performance, and 2) Leadership Effectiveness Measures (such as employee morale, strategic leadership, and enterprise guardianship) which single out the key objectives that will assure the future success of the company.

The following steps are utilized to carry out this review:

- The Compensation Committee reviews performance measures and targets and submits these for Board approval on or before the start of the first meeting of the fiscal year.
- The Chief Executive Officer provides a self-evaluation to the Board within one-month of the end of the fiscal year.
- Each non-management Director will provide his or her assessment of the Chief Executive Officer's performance in writing to the Compensation Committee. These assessments should include the Director's appraisal of the Financial Performance Measures and the Leadership Performance Measures approved by the Board as well as any other aspect of the Chief Executive Officer's performance that the non-management Director deems relevant. In addition, non-management Directors should identify any future developmental needs they deem necessary for the Chief Executive Officer.

- The Compensation Committee synthesizes this information and reports a summary of this information to the non-management Directors along with its recommendation for the compensation of the Chief Executive Officer based on the evaluation. The Board will do this in executive session.
- After agreement by the non-management Directors to the evaluation, the chairs of the Compensation Committee and the Corporate Governance Committee will meet with the Chief Executive Officer to discuss the Board's assessment of performance and developmental needs for the Chief Executive Officer. The Chief Executive Officer may then take the opportunity to discuss his or her reaction to the evaluation.

Succession Planning

The Board shall plan for the succession to the position of the Chief Executive Officer. To assist the Board, the Chief Executive Officer shall conduct an annual succession planning session with the Board at which an assessment of senior managers will be conducted including their potential to succeed the Chief Executive Officer and other senior management positions.

Management Development

The Board shall determine that a satisfactory system is in effect for education, development, and orderly succession of senior and mid-level managers throughout the Company.

POLICIES AND GUIDELINES

Copies of the current version of these Corporate Governance Guidelines, the Company's Code of Business Conduct and Ethics for Members of the Board of Directors, the Company's Ethics Policy and Finance Code of Conduct for employees and officers and the charter of each key committee of the Board shall be posted on the Company's website.

Purpose

The purpose of the Corporate Governance Committee (the “Committee”) of the Board of Directors (the “Board”) of Xerox Corporation (the “Company”) is to identify individuals qualified to become Board members; to recommend to the Board individuals to serve as directors of the Company and on committees of the Board; to advise the Board with respect to Board composition, procedures and committees; to develop, recommend to the Board and annually review a set of corporate governance principles applicable to the Company; to evaluate and make recommendations to the Board with respect to the compensation of Directors; to oversee the evaluation of the Board; and to have such other powers and perform such other duties as the Board may from time to time delegate to it in accordance with Article III, Section 4 of the By-Laws of the Company.

Duties and Responsibilities

A. Board Candidates and Nominees

The Committee shall have the following duties and responsibilities with respect to Board candidates and nominees:

- (a) To develop and recommend to the Board director qualification criteria and establish procedures for evaluating the suitability of potential director nominees. Such criteria shall include the possession of such knowledge, experience, skills, expertise and diversity so as to enhance the Board’s ability to manage and direct the affairs and business of the Company, including, when applicable, to enhance the ability of committees of the Board to fulfill their duties and/or to satisfy any independence requirements imposed by law, regulation or NYSE listing standards. The Committee shall also consider the number of other public company boards on which director candidates and nominees sit in determining eligibility for election.
- (b) To actively identify and attract candidates for director and to review potential nominees proposed by management, shareholders or others.
- (c) To recommend to the Board the director nominees for election by the shareholders or for appointment by the Board, as the case may be, pursuant to the By-Laws of the Company, which recommendations shall be consistent with the Board’s criteria for selecting new directors.
- (d) To review the suitability for continued service as a director of each Board member when his or her term expires and when he or she has a significant change in status, including but not limited to an employment change, and to recommend whether or not the director should be re-nominated.
- (e) To review and make recommendations to the Board with regard to length of Board service, director compensation and a retirement policy for members of the Board.
- (f) To review and oversee any orientation programs for newly elected members of the Board and continuing director education programs and to assist the Board in the implementation of such programs.

B. Board Composition and Procedures

The Committee shall have the following duties and responsibilities with respect to the composition and procedures of the Board as a whole:

- (a) To review annually with the Board the composition of the Board as a whole and to recommend, if necessary, measures to be taken so that the Board reflects the appropriate balance of knowledge, experience, skills, expertise and diversity required for the Board as a whole and contains at least the minimum number of independent directors required by NYSE listing standards.
- (b) To review periodically the size of the Board and to recommend to the Board any appropriate changes.
- (c) To make recommendations on the frequency, content and structure of Board meetings.
- (d) To make recommendations concerning any other aspect of the procedures of the Board that the Committee considers warranted, including but not limited to procedures with respect to the waiver by the Board of any Company rule, guideline, procedure or corporate governance principle.

C. Board Committees

The following shall be the duties and responsibilities of the Committee with respect to the committee structure of the Board:

- (a) To make recommendations to the Board regarding the size and composition of each standing committee of the Board, including the identification of individuals qualified to serve as members of a committee, including the Committee, and to recommend individual directors to fill any vacancy that might occur on a committee, including the Committee.

- (b) To monitor the functioning of the committees of the Board and to make recommendations for any changes, including the creation and elimination of committees.
- (c) To review annually committee assignments and the policy with respect to the rotation of members of the committees and/or chairpersons, and to report any recommendations to the Board.
- (d) To recommend that the Board establish such special committees as may be desirable or necessary from time to time in order to address ethical, legal or other matters that may arise. The Committee's power to make such a recommendation under this Charter shall be without prejudice to the right of any other committee of the Board, or any individual director, to make such a recommendation at any time.

D. Corporate Governance

The following shall be the duties and responsibilities of the Committee with respect to corporate governance:

- (a) To develop and review periodically, and at least annually, the Corporate Governance Guidelines adopted by the Board to assure that they are appropriate for the Company and comply with the requirements of the NYSE, and to recommend any desirable changes to the Board.
- (b) To consider any other corporate governance issues that arise from time to time, and to develop appropriate recommendations for the Board.
- (c) To review significant shareholder relations issues, corporate political contributions and the Company's charitable contributions.

E. Evaluation of the Board

The Committee shall be responsible for overseeing the evaluation of the Board as a whole and its committees. The Committee shall establish procedures to allow it to exercise this oversight function.

F. Investigations and Studies; Outside Advisers

The Committee may conduct or authorize investigations into or studies of matters within the Committee's scope of responsibilities, and may retain, at the Company's expense, such independent counsel or other advisers as it deems necessary. The Committee shall have the sole authority to retain or terminate any firm to be used to identify director candidates and evaluate director compensation, including sole authority to approve a search firm's fees and other retention terms, such fees to be borne by the Company.

G. Performance Evaluation

The Committee shall annually conduct an evaluation of its own performance and, in light of this, consider changes in its membership, charter or procedures. The Committee shall report to the Board the results of its evaluation, including recommended charter, membership and other changes.

Composition and Qualifications

The Committee shall be comprised of three or more directors, the exact number to be determined from time to time by resolution of the Board.

Each member of the Committee shall be "independent" as required by NYSE listing standards and any other legal requirements as shall from time to time be in effect. The Board of Directors shall, in the exercise of business judgment, determine the "independence" of directors for this purpose.

The Chairman of the Committee shall be designated by a majority vote of the entire Board.

Members of the Committee shall be designated annually by a majority vote of the entire Board (after considering any recommendations of the Committee) at the organizational meeting of the Board of Directors held in connection with the annual meeting of shareholders.

Vacancies on the Committee shall be filled by majority vote of the entire Board. By a majority vote of the entire Board, a member of the Committee may be removed.

Structure and Operation

1. Two members of the Committee shall constitute a quorum. When more than two members are present, the act of a majority of the members present at a meeting at which a quorum is present shall be the act of the Committee, and when only two members

are present, the unanimous vote of the two members shall constitute the act of the Committee.

2. The Committee may form and delegate authority to subcommittees when appropriate.

3. The Secretary of the Company, or in the absence of the Secretary such person as may be designated by the Chairman of the Committee, shall act as secretary and keep the minutes of all meetings of the Committee.
4. The Committee shall meet in person or telephonically at least three times a year at such times and places determined by the Chairman of the Committee, with further meetings to occur, or actions to be taken by unanimous written consent, when deemed necessary or desirable by the Committee or its Chairman.
5. The Committee may request that any directors, officers or employees of the Company, or other persons whose advice and counsel are sought by the Committee, attend any meeting of the Committee to provide such pertinent information as the Committee requests.
6. The Chairman of the Committee shall report to the Board at each meeting of the Board the deliberations, actions and recommendations of the Committee since the last Board meeting.
7. Except as expressly provided in this Charter, the By-laws of the Company or the Company's Corporate Governance Guidelines, or as required by law, regulation or NYSE listing standards, the Committee shall establish its own rules of procedure.
