Dear Shareholders:

You are cordially invited to attend the Annual Meeting of Shareholders of Xerox Corporation to be held Tuesday, August 28, 2001 at 10:00 a.m. at the Sheraton Stamford Hotel, 2701 Summer Street, Stamford, Connecticut. As you know our shareholders meeting was delayed because of an independent review by the Company's Audit Committee, in cooperation with the Company's auditors, KPMG, which delayed the issuance of our annual report. Now that the audit has been completed and the report issued, we are able to schedule the annual meeting. Your Management looks forward to greeting in person those shareholders able to attend.

At the Annual Meeting, you will be asked to vote upon the election of 13 Directors. The Board of Directors unanimously recommends that you vote in favor of this proposal. One shareholder proposal will be acted upon that your Board believes is not in the best interest of the Company and its shareholders, and unanimously recommends a vote against this shareholder proposal.

Not standing for reelection as a director is Admiral B. R. Inman, who having attained his 70th birthday since the last annual meeting has retired from the Board under the Company's retirement policy. Admiral Inman has served 14 years as a member of your Board of Directors. We are deeply grateful to him for his many contributions to our Company. William F. Buehler has also retired and we appreciate the advice and experience he brought to the Board and the Company. Patricia F. Russo resigned from the board upon being named Chief Operating Officer of Eastman Kodak and we thank her for her contributions.

It is important that your shares be represented and voted at the Annual Meeting, regardless of whether or not you plan to attend in person. You are therefore urged to vote your shares using one of the methods described in the following pages. Voting instructions are set forth in the accompanying voting instruction and proxy card.

For the Board of Directors,

PROXY STATEMENT

GENERAL

The Meeting

The Board of Directors of Xerox Corporation (Xerox, the Company, we or us) is requesting your proxy for the Annual Meeting of Shareholders on August 28, 2001 beginning at 10:00 a.m., and any adjournments thereof. The meeting will be held at the Sheraton Stamford Hotel, 2701 Summer Street, Stamford, CT.

Shares Entitled to Vote

Holders of record of the Company's Common Stock, par value \$1 per share (Common Stock) and Series B Convertible Preferred Stock (Preferred Stock) as of the close of business on June 28, 2001 are entitled to vote. On that date there were 711,297,400 shares of Common Stock and 7,917,185 of Preferred Stock outstanding. At the meeting each share of Common Stock is entitled to one vote on each proposal and each share of Preferred Stock is entitled to six votes on each proposal.

Proxy Voting and Quorum

Shareholders of record may vote their proxies by telephone, internet or mail. By using your proxy to vote in one of these ways, you authorize the four directors whose names are listed on the front of the proxy card accompanying this Proxy Statement to represent you and vote your shares. Holders of a majority of the shares entitled to vote at the meeting must be present in person or represented by proxy to constitute a quorum.

If you attend the meeting, you may of course vote by ballot. But if you are not present, your shares can be voted only when represented by a properly submitted proxy.

You may revoke or change your proxy at any time before it is exercised, either in writing to the Secretary of the Company, or through the internet or by telephone voting.

Choices in Voting

You have several choices in completing your voting.

- . You may vote on each proposal, in which case your shares will be voted in accordance with your choices.
- . In voting on directors, you can either vote FOR all the directors or withhold your vote on all or certain of the directors.
- . You may indicate a preference to abstain on any other proposal, in which case no vote will be recorded.
- . You may submit a proxy, without indicating your voting preferences, in which case the proxies will vote your shares:
 - for election of the directors nominated by the Board of Directors
 - against the shareholder proposal regarding discretionary voting

ESOP Voting Instruction

Participants in the Company's Employee Stock Ownership Plan can instruct State Street Bank and Trust Company as Trustee of the Plan how to vote by telephone, internet or mail. No matter which method is used, the instructions are confidential and will not be disclosed to the Company. By using the voting instruction in one of these ways, you instruct the Trustee to vote the shares allocated to your Stock Account. You also authorize the Trustee to vote a proportion of the shares held in the ESOP Trust which have not yet been allocated, as well as shares for which no instructions have been received.

Required Vote

A plurality of the votes cast is required for the election of directors. The affirmative vote of a majority of the votes cast is required to adopt the shareholder proposal.

Under the law of New York, the Company's state of incorporation, only votes cast "for" the election of directors or those cast "for" or "against" any other proposal will be counted in determining whether a nominee for director has been elected or whether any of the other proposals have been approved. Abstentions, broker non-votes and votes withheld are not treated as votes cast at the meeting.

PROPOSAL 1 -- ELECTION OF DIRECTORS

Shareholders annually elect directors to serve for one year and until their successors have been elected and shall have qualified. The 13 persons whose biographies appear on pages 6 through 11 have been proposed by the Board of Directors based on a recommendation by the Nominating Committee of the Board of Directors, none of whose members is an officer of the Company.

Nine of the 13 nominees are neither employees nor former employees of Xerox, its subsidiaries or associated companies. These Board members bring to us

valuable experience from a variety of fields.

If for any reason, which the Board of Directors does not expect, a nominee is unable to serve, the proxies may use their discretion to vote for a substitute proposed by the Board of Directors.

Committee Functions, Membership and Meetings

Our Board of Directors has several standing committees: the Audit, Nominating, Executive Compensation and Benefits, Finance and Executive Committees. Here is a description of each Committee, the number of meetings held during 2000 and its membership during 2000:

Audit Committee (nine meetings)

Responsibility: reference is made to a complete copy of the charter of the Audit Committee which is attached to this Proxy Statement as Exhibit A for a full description of the responsibilities of the Audit Committee.

Briefly, the Committee's responsibilities include:

- . annually recommend to the Board for its nomination, for submission to the shareholders for their election, a firm of independent certified public accountants (Auditor);
- . review periodically the independence of the Auditor;
- . review the annual fees of the Auditor;
- . review the annual audited financial statements, changes in accounting policies, financial reporting practices and significant reporting issues and judgments made in connection with the preparation of such audited financial statements;
- . review with the Auditor the matters required to be discussed by Statement on Auditing Standards No. 61 relating to communications with audit committees;
- . review the comments and recommendations contained in the Auditor's and Director of Internal Audit's annual summary audit management reports and executive management's response to those reports;
- . review with the management, Auditors and Director of Audit the adequacy of internal controls that could significantly affect the Company's financial statements.
- . Make a recommendation to the Board with respect to the audited financial statements to be included in the Company's Annual Report to Shareholders and the Form 10-K to be filed with the Securities and Exchange Commission;

- . review at least annually with the Company's Ethics Compliance Officer the status and results of the annual ethics compliance program.

A Report of the Audit Committee appears below on Page 23 under "Report of the Audit Committee".

Members: Antonia Ax:son Johnson, Hilmar Kopper, N. J. Nicholas, Jr., John E. Pepper, Martha R. Seger and Thomas C. Theobald, all non-employee directors.

Chairman: Mr. Theobald

All of the members of the Audit Committee are independent as defined in the listing standards of the New York Stock Exchange, Inc.

Nominating Committee (one meeting)

Responsibility: recommends to the Board of Directors nominees for election as directors of the Company. The Committee considers the performance of incumbent directors in determining whether to recommend their nomination.

Members: Vernon E. Jordan, Jr., Hilmar Kopper, Ralph S. Larsen, George J. Mitchell and Patricia F. Russo, all non-employee directors.

Chairman: Mr. Jordan

Executive Compensation and Benefits Committee (six meetings)

Responsibility:

- . recommends to the Board of Directors the remuneration arrangements for senior management of the Company, including the adoption of compensation plans in which senior management is eligible to participate and the granting of benefits under any such plans and

. consults with the Chief Executive Officer and advises the Board with respect to senior management succession planning.

Members: B. R. Inman, Antonia Ax:son Johnson, Ralph S. Larsen, John E. Pepper and Thomas C. Theobald, all non-employee directors.

Members: B. R. Inman, Vernon E. Jordan, Jr., George J. Mitchell, N. J. Nicholas, Jr., Patricia F. Russo, and Martha R. Seger, all non-employee directors.

Chairman: Mr. Nicholas

Executive Committee (one meeting)

The Executive Committee has all the authority of the Board of Directors, except with respect to certain matters that by statute may not be delegated by the Board of Directors. The committee acts only in the intervals between meetings of the full Board of Directors. It acts usually in those cases where it is not feasible to convene a special meeting or where the agenda is the technical completion of undertakings already approved in principle by the full Board.

Members: Paul A. Allaire, Vernon E. Jordan, Jr., Ralph S. Larsen and Anne M. Mulcahy.

Chairman: Mr. Allaire

Attendance and Compensation of Directors

Attendance: 9 meetings of the Board of Directors and 19 meetings of the Board committees were held in 2000. All incumbent directors other than George J. Mitchell attended at least 75 percent of the total number of meetings of the Board of Directors and Board committees on which they served.

We believe that attendance at meetings is only one means by which directors may contribute to the effective management of the Company and that the contributions of all directors have been substantial and are highly valued.

Committee Chairmen	\$10,000 (per year for non-employee Chairmen of Board Committees)

Eligibility: Directors who are our employees receive no compensation for service as a director. Directors who are employees of subsidiary companies are not eligible to receive stock option awards.

Options: Issued at the fair market value on date of grant (generally on the date of the annual meeting of shareholders). The options vest over a three year period. Upon the occurrence of a change in control, as defined, all outstanding options become exercisable.

Restricted Stock: The number of shares issued is based on the market value at the time the fee is payable, which is in quarterly installments. The shares held by directors under this Plan are included in the Xerox securities owned shown in the biographies of the directors beginning on page 6. The shares may not be sold or transferred except upon death, retirement, disability, change in control or termination as a director with the consent of the majority of the Board.

Terms Used in Biographies

To help you consider the nominees, we use a biographical format that provides a ready reference on their backgrounds. Certain terms used in the biographies may be unfamiliar to you, so we are defining them here.

Xerox securities owned means the Company's Common Stock, including restricted shares of Common Stock issued under the Restricted Stock Plan For Directors, and Series B Convertible Preferred Stock. Series B shares are owned through the individual's account in the Xerox Employee Stock Ownership Plan. None of the nominees owns any of the Company's other securities.

Options/Rights is the number of the Company's shares of Common Stock subject to stock options and incentive stock rights held by a nominee.

Immediate family means the spouse, the minor children and any relatives sharing the same home as the nominee.

Unless otherwise noted, all Xerox securities held are owned beneficially by the nominee. This means he or she has or shares voting power and/or investment power with respect to the securities, even though another name--that of a broker, for example--appears in the Company's records. All ownership figures are as of May 31, 2001.

For information on compensation for officers, see the compensation section starting on page 13.

Executive Compensation

Report of the Executive Compensation and Benefits Committee of the Board of Directors

Executive Officer Compensation

The Executive Compensation and Benefits Committee (Committee) of the Board of Directors determines the compensation paid to the Company's executive officers. The Committee's members are all independent, non-employee directors of the Company. The Committee does the following:

- . establishes the policies that govern the compensation paid to Xerox executive officers;
- . determines overall and individual compensation goals and objectives;
- . makes awards; and
- . certifies achievement of performance under the Company's various annual and long-term incentive plans and approves actual compensation payments.

Under the Committee's established policy, compensation and benefits provided executive officers are targeted at levels equal to or better than the compensation paid by a peer group of companies for equivalent skills and competencies for positions of similar responsibilities and desired levels of performance. The Company's executive compensation policies, plans and programs are designed to provide competitive levels of compensation that align pay with the Company's annual and long-term performance objectives. They also recognize corporate and individual achievement while supporting the Company objectives of attracting, motivating and retaining high-performing executives.

In determining compensation levels to meet compensation policy objectives, the Committee annually reviews, evaluates and compares Xerox executive officer compensation to relevant external competitive compensation data. During the year, the Committee reviewed the reported compensation data of firms that were part of the Business Week Computers and Peripherals Industry Group (included in the data shown on the performance graph on page 22 below). The Committee also reviewed a broader group of organizations with which the Company is likely to compete for executive expertise and which are of similar size and scope. The latter group includes large capitalization, global companies in technology, office equipment and other industries.

The Committee sets base salaries taking into account the competitive data referenced above. In addition, a substantial portion, generally two-thirds or more of targeted total compensation, of each executive officer's total compensation is at risk and variable from year to year because it is linked to specific performance measures of the business.

The principal variable pay programs used in 2000 to align executive officer pay with Company and individual performance are briefly described below:

Executive Performance Incentive Plan (EPIP): Approved by shareholders at the Company's Annual Meeting on May 18, 1995, EPIP provides the Committee with an incentive vehicle to compensate eligible executives for significant contributions to the performance of the Company. By design, EPIP permits the tax deductibility of payments made under EPIP even if an executive's compensation exceeds \$1,000,000 in any year. Under federal tax law under certain circumstances such excess would not be deductible.

Under EPIP the Committee established a pool of 2% of the Company's Document Processing profit before tax (PBT) for the 2000 one-year performance period. For the three-year period commencing in 1998, a pool of 1 1/2% of cumulative PBT was established. Ten percent (10%) of the resulting PBT pool was made payable to Mr. Allaire. Five percent (5%) of the pool was made payable to each of the other participants in EPIP.

EPIP gives the Committee discretion to reduce the amount otherwise payable under an award to any participant to any amount, including zero, except in the case of a change in control as defined. The Committee cannot increase the amount determined by the above formula.

For the full year 2000, Mr. Allaire and 15 other executive officers participated in EPIP.

For 2000, the PBT pool amounted to \$3,960,000 and because of the Company's failure to meet its performance goals, the Committee exercised its discretion by reducing total amounts payable to participating executive officers from the pool from \$3,366,000 to \$595,050.

Annual Performance Incentive Plan (APIP): Under APIP, executive officers of the Company may be entitled to receive performance-related cash payments. Payments are only made if Committee-established annual performance objectives are met.

The Committee approved an annual incentive target and maximum opportunity, expressed as a percentage of 2000 base salary, for each participating officer. At its meeting held on February 7, 2000, the Committee also established overall Document Processing threshold, target and maximum measures of performance and associated payment schedules.

The performance measures and weightings for 2000 were earnings per share (35%), revenue growth (25%), cash conversion cycle (20%), and customer satisfaction (20%). Additional goals were also established for each officer that included business unit specific and/or individual performance goals and objectives. The weights associated with each business-unit specific or individual performance goal and objective used vary and range from 20 percent to 50 percent of the total.

For 2000, the performance against established measures was a significant disappointment. EPS was below threshold levels, revenue growth was negative, and both cash conversion and customer satisfaction were below threshold levels. As a result, no officers received a payment under APIP. The named officers did not receive a merit salary increase. Certain executive officers received an adjustment to their base salary levels as a result of new responsibilities and/or to reflect competitive market levels.

Leveraged Executive Equity Plan (LEEP): Under the terms of the 1991 Long-Term Incentive Plan, the Committee implemented a three-year plan beginning in 1998 for key management executives, including most executive officers. The plan focuses on the achievement of performance objectives of the Document Processing business of the Company. When the objectives of the plan are achieved, shareholder value is enhanced and the plan provides for an opportunity to realize long-term financial rewards. The 1998-2000 performance cycle of LEEP required each executive participant to maintain, directly or indirectly, an investment in shares of common stock of the Company having a value as of December 31, 1997 of either 100%, 200%, 300% or 400% of a participant's annual base salary (investment shares).

In 1998 the Committee granted awards under LEEP to approximately 40 key executives that provided for non-qualified stock options for shares of common stock and incentive stock units. The award to each participant was based on the ratio of ten option shares and two incentive stock units for each investment share. The options became exercisable in three annual cumulative installments beginning in the year following the award. The incentive stock rights are payable in shares of common stock and vest in three annual installments beginning in the year following the award, provided specific Document Processing earnings per share (EPS) goals were achieved for each preceding year.

Thirty-three percent (33%) of the non-qualified stock options granted under the 1998 cycle became exercisable on January 1, 1999, January 1, 2000 and January 1, 2001, respectively.

For 2000, the EPS goal was not achieved and none of the incentive stock units vested.

At its meeting on December 4, 2000, the Committee approved a new three-year (2001-2003) performance cycle of LEEP (New LEEP). New LEEP is intended to deliver highly competitive compensation opportunities linked to the successful implementation of the Company's turnaround plan and to provide significant retention incentives for participating executives.

New LEEP consists primarily of three equal annual grants of stock options and restricted stock. Award levels are determined to provide competitive long-term incentive opportunities if the business turnaround plan is successfully implemented. Stock options under New LEEP vest fully after three years and remain exercisable for ten years following their date of grant. Restricted stock awarded under New LEEP vests 100% after one year. All executive officers and select other senior executives are eligible for New LEEP. The first annual grant under New LEEP was made on January 1, 2001. There is no requirement for investment shares under New LEEP.

CEO Challenge Bonus: At its February 7, 2000 meeting, the Committee established the CEO Challenge Bonus program for the calendar years 2000 and 2001. The goals of the CEO Challenge Bonus program are to support the Company's need to retain key executives and provide additional incentives to improve the financial performance of the Company. Participants in LEEP, including the executive officers, are eligible to participate in the CEO Challenge Bonus. The CEO Challenge bonus provides an annual opportunity equal to one-half of each executive's annual bonus target amount payable over a period of four quarters if performance targets are met. For 2000, the CEO Challenge Bonus was based on quarterly EPS targets. The EPS target for the first quarter was achieved and bonus amounts were paid accordingly. For the remaining quarters of 2000, EPS targets were not achieved and bonus opportunities were forfeited. For 2001, the CEO Challenge bonus will also be based on quarterly EPS targets.

In its effort to retain key executives and to provide incentives that focus on shareholder value, the Committee awarded retention stock options to select key executives, including the executive officers other than the Chairman and CEO. The retention stock options vest over two years if EPS targets are met; and vest 100% on December 31, 2004 if EPS targets are not met. The retention stock options provide for dividend equivalents paid in cash until the stock options vest.

Select executive officers also were awarded incentive stock rights that fully vest on January 1, 2002. Beginning with the third quarter of 2000, the incentive stock rights also provide for the payment of dividend equivalents. Incentive stock rights were awarded to a select group of officers who are critical for the Company to retain in order for the Company to implement its turnaround plan.

Chief Executive Officer Compensation

The compensation paid to G. Richard Thoman, President and Chief Executive Officer from January 1, 2000 until May 11, 2000, when he resigned, was established by the Committee at its December 6, 1999 and February 7, 2000 meetings. The Committee's actions are described below as they relate to Mr. Thoman's compensation as reported in the charts and tables that accompany this report.

Base Salary: Mr. Thoman's annualized base salary remained at \$900,000.

2000 Bonus: Mr. Thoman's annual target bonus remained at 100% and his quarterly CEO Challenge bonus target was established at 13%.

Long-Term Incentive: Mr. Thoman was granted a stock option award for 100,000 shares that was scheduled to vest over two years if EPS targets were met and vest 100% on December 31, 2004, if EPS targets were not met.

At its meeting on February 7, 2000, the Committee awarded Paul A. Allaire a stock option award for 200,000 shares that vested on January 1, 2001. The stock option award was made to retain Mr. Allaire in his role as Chairman of the Board of the Company.

Upon the resignation of Mr. Thoman on May 11, 2000, the Board of Directors requested Mr. Allaire to assume the additional role of Chief Executive Officer of the Company. In recognition of Mr. Allaire's additional role, and after reviewing the compensation levels provided to the Chairmen and Chief Executive Officers of other companies, the Committee authorized the following compensation:

Base Salary: Mr. Allaire's base salary was increased to \$1,200,000 per year.

2000 Bonus: Mr. Allaire's annual bonus target percentage and quarterly CEO Challenge Bonus target remained at 100% and 13% respectively.

Long-Term Incentive: Mr. Allaire was granted a stock option award for 250,000 shares, one-half of which vested on January 1, 2001 with the balance vesting on January 1, 2002; and incentive stock rights for 100,000 shares, one-half of which vested on January 1, 2001, with the balance vesting on January 1, 2002. Mr. Allaire received an award under the New LEEP program as described earlier in the section summarizing Executive Officer Compensation. Under New LEEP, on January 1, 2001, Mr. Allaire received a stock option grant for 350,000 shares that will vest on January 1, 2002, and a restricted stock award of 350,000 shares that will also vest on January 1, 2002. In addition, effective January 1, 2001, Mr. Allaire was awarded participation in a cash long-term incentive program that would pay Mr. Allaire \$3,000,000 at target levels of Company performance (maximum of \$5,000,000), subject to negative discretion by the Committee, for the performance cycle ending December 31, 2001.

The Committee made these awards to provide the incentives necessary to retain and motivate Mr. Allaire to take the actions necessary to implement the turnaround plan, focus Mr. Allaire on the development of his potential successor and provide compensation competitive with the Chairmen and Chief Executive Officers of other companies.

Detailed information concerning Mr. Allaire's compensation as well as that of other highly compensated executives is displayed on the accompanying charts and tables.

(A) This column reflects annual cash bonuses earned during the years indicated under EPIP and for the year 2000, the CEO Challenge Bonus. In addition, the amount shown for G.R. Thoman for 2000 includes a prorated 2000 bonus that was agreed to be paid in 2001 under the Letter Agreement entered into with Company in May 2000 in connection with his separation.

(B) This column reflects amounts earned under the Company's 1991 Long-Term Incentive Plan (1991 Plan). Under the 1991 Plan, awards of incentive stock units were made in 1998 to each of the Named Officers which become payable as to one-third of the total if the Company's Document Processing earnings per share reach a specified level in 1998, 1999 and 2000. The 2000 level was not reached and the final one-third of the units did not vest. The value of one-third of the incentive stock units, is reported in the column above for the year 1998 in which the earnings per share objective was reached. The Company and the Executive Compensation and Benefits Committee view these amounts as long-term incentive compensation.

(C) Total Annual Bonus is the sum of the amounts under the EPIP, CEO Challenge Award and 1991 Plan.

(D) Other Annual Compensation includes executive expense allowance, dividend equivalents paid on outstanding incentive stock rights, perquisite compensation and above market interest on deferred compensation. Included in Other Annual Compensation for 2000 is \$55,275 of perquisite compensation for William F. Buehler, \$29,949 of which relates to personal use of corporate aircraft. Also included in Other Annual Compensation for 1998 is \$50,337 of perquisite compensation for G. Richard Thoman, \$34,881 of which relates to personal use of corporate aircraft.

- (E) This column reflects incentive stock unit awarded under the 1991 Plan or a predecessor plan where each unit represents one share of stock to be issued upon vesting at the attainment of a specific retention period. Each unit is entitled to the payment of dividend equivalents at the same time and in the same amount declared on one share of the Company's common stock. The number of units held by the Named Officers and their value as of December 31, 2000 (based upon the closing market price on that date of \$4.625 was as follows: P.A. Allaire -- 100,000 (\$462,500), A.M. Mulcahy -- 153,440 (\$709,660), B.D. Romeril -- 114,453 (\$529,345), W.F. Buehler -- 50,000 (\$231,250), and A.E. Dugan -- 63,456 (\$293,484) G. R. Thoman -- 80,000 (\$370,000). Excludes grants of restricted stock made on January 1, 2001 under New LEEP (as described in the Report of the Executive Compensation and Benefits Committee) as follows: P.A. Allaire -- 350,000 (\$1,662,500), A.M. Mulcahy -- 250,000 (\$1,187,500), B.D. Romeril -- 125,000 (\$593,750), A.E. Dugan -- 75,000 (\$326,250).
- (F) The Company no longer grants stock appreciation rights (SARs) in tandem with stock options. All stock options were awarded under the 1991 Plan. As discussed under the report of the Executive Compensation and Benefits Committee, stock options were awarded under a three-year performance cycle of LEEP that ended on December 31, 2000. Excludes grants of stock options made on January 1, 2001 under New LEEP as described in the Report of the Executive Compensation and Benefits Committee as follows: P.A. Allaire -- 350,000, A.M. Mulcahy -- 934,600, B.D. Romeril -- 467,300, A.E. Dugan -- 280,400.
- (G) The total amounts shown in this column consist of the Company's profit sharing contribution, whether under the Profit Sharing and Savings Plan or its policy of paying directly to the officer the amount which cannot be made under the Plan by reason of the Employee Retirement Income Security Act of 1974, and the estimated dollar value of the benefit to the officer from the Company's portion of insurance premium payments under the Company's Contributory Life Insurance Plan on an actuarial basis. The Company will recover all of its premium payments at the end of the term of the policy, generally at age 65. For 2000 the amounts were: P.A. Allaire: \$0 profit sharing; \$17,055 life insurance; A.M. Mulcahy: \$0 profit sharing; \$34,642 life insurance; B.D. Romeril: \$0 profit sharing; \$27,729 life insurance; W.F. Buehler: \$0 profit sharing; \$14,828 life insurance; and A.E. Dugan: \$0 profit sharing; \$29,702 life insurance. In addition, the amount shown for G.R. Thoman includes a payment of \$3.75 million, which was agreed to be paid in 1998, 1999 and 2000 under the Letter Agreement entered into with Company in June 1997 in connection with his joining the Company. The payments were intended to replace the value of forfeited in-the-money vested stock options from his former employer. Also included in the amount shown for G.R. Thoman is a \$200,000 payment in lieu of continuation of life insurance benefits agreed to under the Letter Agreement entered into with Company in May 2000 in connection with his separation.
- (H) Resigned effective May 11, 2000.

Option Grants

The following table sets forth information concerning awards of stock options to the Named Officers under the Company's 1991 Plan during the fiscal year ended December 31, 2000. The amounts shown for potential realizable values are based upon arbitrarily assumed annualized rates of stock price appreciation of five and ten percent over the full ten-year term of the options, pursuant to SEC regulations. Based upon a ten-year option term, this would result in stock price increases of 63% and 159% respectively or \$35.479 and \$56.495 for the options with the \$21.7812 exercise price and \$43.980 and \$70.031 for the options with the \$27.0000 exercise price. The amounts shown as potential realizable values for all shareholders represent the corresponding increases in the market value of 668,576,389 shares outstanding held by all shareholders as of December 31, 2000. Any gains to the Named Officers and the shareholders will depend upon future performance of the common stock of the Company as well as overall market conditions.

Retirement Plans

Retirement benefits are provided to the executive officers of the Company including the Named Officers primarily under unfunded executive supplemental plans and, due to Internal Revenue Code limitations, to a much lesser extent under the Company's Retirement Income Guarantee Plan. The table below shows, under the plans, the approximate annual retirement benefit which would accrue for the number of years of credited service at the respective salary rates. The earliest retirement age for benefit commencement is age 60. In the event of a change in control (as defined in the plans) there is no age requirement for eligibility. The benefit accrues generally at the rate of 1 2/3% per year of credited service, but for certain mid-career hire executives the rate is accelerated to 2 1/2%, including Barry D. Romeril, William F. Buehler and Allan E. Dugan. No additional benefits are payable for participation in excess of 30 years for those accruing benefits at the rate of 1 2/3% per year and 20 years for those accruing benefits at 2 1/2% per year.

The maximum benefit is 50% of the five highest years' average annual compensation reduced by 50% of the primary social security benefit payable at age 65. The benefits shown are payable on the basis of a straight life annuity and a 50% survivor annuity for a surviving spouse. The plans provide a minimum benefit of 25% of defined compensation reduced by such social security benefit other than for the key executives accruing benefits at the accelerated rate.

The following individuals have the years of credited service for purposes of the plans as follows:

Name	Years of Credited Service (A)
Paul A. Allaire (B).....	30
Anne M. Mulcahy.....	24
Barry D. Romeril.....	11
William F. Buehler (C).....	14
Allan E. Dugan.....	16

- (A)Thirty years is the maximum permitted credited service under the plans. Credited service shown reflects the accelerated accrual for mid-career hire executives. The years credited service reflected can be applied to the annual benefit table above to determine the annual benefit. Under the agreement with the Company in connection with his resignation, G. Richard Thoman became entitled to a retirement benefit of \$800,000 per year beginning in May 2000.
- (B)Upon Mr. Allaire's death, Mr. Allaire's alternate payee will receive a full and unreduced 50% survivor benefit based on Mr. Allaire's accrued benefits under the plans.
- (C)In connection with his retirement, William F. Buehler became eligible for a retirement supplement payable in three equal installments of \$280,746 commencing January 1, 2002, or in a single lump sum of \$842,238 if he elects prior to December 31, 2001.

Compensation under the plans includes the amounts shown in the salary and bonus columns under the Summary Compensation Table other than payments under the 1991 Plan to the extent included in the bonus column.

The five highest years average compensation for purposes of the plans as of the end of the last fiscal year for the Named Officers is P. A. Allaire \$2,377,485; A. M. Mulcahy \$550,336; B. D. Romeril \$875,100; W. F. Buehler \$817,451; and A. E. Dugan \$673,651.

Certain Transactions

Severance Agreements

In October, 2000, with the approval of the Executive Compensation and Benefits Committee and the Board, the Company entered into agreements with five of its executive officers, including Paul A. Allaire, Anne M. Mulcahy, Barry D. Romeril, and William F. Buehler, which provide severance benefits in the event of termination of employment under certain circumstances following a change in control of the Company (as defined). The circumstances are termination by the Company, other than because of death or disability, commencing prior to a potential change in control (as defined), or for cause (as defined), or by the officers for good reason (as defined). The officer would be entitled to receive a lump sum severance payment equal to three times the sum of:

- . the greater of (1) the officer's annual rate of base salary on the date notice of termination is given and (2) his/her annual rate of base salary in effect immediately prior to the change in control and
- . the greater of (1) the annual target bonus applicable to such officer for the year in which such notice is given and (2) the annual target bonus applicable to such officer for the year in which the change in control occurs.

"Cause" for termination by the Company is the:

- (i) willful and continued failure of the officer to substantially perform his/her duties,
- (ii) willful engagement by the officer in materially injurious conduct to the Company, or
- (iii) conviction of any crime which constitutes a felony.

"Good reason" for termination by the officer includes, among other things:

- (i) the assignment of duties inconsistent with the individual's status as an executive or a substantial alteration in responsibilities (including ceasing to be an executive officer of a public company),
- (ii) a reduction in base salary and/or annual bonus,
- (iii) the relocation of the officer's principal place of business, and
- (iv) the failure of the Company to maintain compensation plans in which the officer participates or to continue providing certain other existing employment benefits.

The agreements provide for the continuation of certain welfare benefits for a period of 36 months following termination of employment and contain a gross-up payment (as defined) if the total payments (as defined) are subject to excise tax imposed under Section 4999 of the Internal Revenue Code of 1986, as amended.

The agreements also provide that in the event of a potential change in control (as defined) each officer, subject to the terms of the agreements, will remain in the employ of the Company for nine months following the occurrence of any such potential change in control.

The agreements are automatically renewed annually unless the Company gives notice that it does not wish to extend them. In addition, the agreements will continue in effect for two years after a change in control of the Company.

The Company has also entered into agreements with 40 other officers or other key executives, including Allan E. Dugan, that provide identical benefits described above, except that these officers and key executives would be entitled to receive a lump-sum severance payment equal to two times their annual compensation and they would receive welfare benefits continuance for a period of 24 months.

Termination Arrangements

In connection with his resignation as President and Chief Executive Officer and as a Director of the Company in May, 2000, G. Richard Thoman received certain benefits that had been approved by the Executive Compensation and Benefits Committee. These included payment of prorated 2000 bonus, a cash payment in lieu of continuation of life insurance (which are reflected in the Summary Compensation Table above) and approved an annual retirement benefit (see note to the table under Retirement Plans above). All of Mr. Thoman's outstanding options were amended to be exercisable for the life of the options (see "Aggregate Options/SAR Exercises in the Last Fiscal Year and Fiscal Year-End Options/SAR Value" above) subject to Mr. Thoman not making any derogatory remarks about the Company and not disclosing confidential information. The

Company also agreed to provide Mr. Thoman with an office and administrative support until May 14, 2002.

In connection with his retirement and consistent with prior practice, the Company entered into an agreement with William F. Buehler, Vice Chairman of the Board and a director. The agreement was approved by the Executive Compensation and Benefits Committee. Among other things, the agreement provides for salary continuance for twelve months commencing January 15, 2001 at the rate of \$56,250 per month and a retirement supplement payable in three equal installments of \$280,746 commencing on January 1, 2002, or in a single lump sum of \$842,238, if he elects prior to December 31, 2001.

On April 9, 2001 the Executive Compensation and Benefits Committee adopted a policy consistent with an existing practice, which authorizes the Chairman of the Board and CEO to enter into salary continuance agreements with selected officers who are nearing retirement. The purpose of the policy is to serve as a retention device. The salary continuance period can range between 12 and 24 months and would commence on a date as determined by the CEO. Salary is based upon the monthly salary in effect when the salary continuance begins. The current form of agreement provides that engagement by the officer in any "Detrimental Activity", as defined, would result in forfeiture of salary continuance, unfunded retirement benefits and bonuses and the cancellation of outstanding options. The Company has entered into such agreements with certain officers, including Barry D. Romeril.

Employment Arrangement

In connection with his continued employment, the Company entered into an agreement with Carlos Pascual, Executive Vice President. The agreement was authorized by the Executive Compensation and Benefits Committee. The agreement arises out of changes made to Xerox Spain's pension plans consistent with proposed Spanish law requirements. It is designed to mitigate the potential impact of U.S. income tax on Mr. Pascual's retirement benefit, if any, as a result of the change in Spanish law. Subject to certain conditions in the Agreement, the Company has agreed to indemnify Mr. Pascual for U.S. income tax on his Spanish pension, if necessary. The Agreement also provides that for a period of three years following Mr. Pascual's employment with the Company he will be provided with salary continuance at a rate of Spanish Pesetas 4,389,600 per month (approximately \$22,300 at current exchange rates) as he serves in the capacity of Chairman of Xerox Espana, S.A. at the discretion of the CEO of the Company. He will also be provided with relocation assistance in an amount not to exceed \$100,000.

Option Surrender Rights

All non-qualified options under the 1991 and the 1998 Plans are accompanied by option surrender rights. If there is a change in control, as defined in the plans, all such rights which are in the money become payable in cash based upon a change in control price as defined in the plans. The 1991 Plan also provides that upon the occurrence of such an event, all incentive stock rights and performance unit rights become payable in cash. In the case of rights payable in shares, the amount of cash is based upon such change in control price and in the case of rights payable in cash, the cash value of such rights. Rights payable in cash but which have not been valued at the time of such an event are payable at the maximum value as determined by the Executive Compensation and Benefits Committee at the time of the award. Upon accelerated payment, such rights and any related non-qualified stock options will be canceled.

Grantor Trusts

The Company has established grantor trusts with a bank for the purpose of paying amounts due under the deferred compensation plan and the severance agreements described above, and the unfunded supplemental retirement plans described above. The trusts are presently unfunded, but the Company would be required to fund the trusts upon the occurrence of certain events.

Legal Services

The law firm of Akin, Gump, Strauss, Hauer & Feld, of which Vernon E. Jordan, Jr. is of counsel, was retained by and rendered services to the Company in 2000.

Litigation

Two putative shareholder derivative actions are pending in the Supreme Court of the State of New York, County of New York on behalf of the Company against all current members of the Board of Directors (with the exception of Anne M. Mulcahy) and G. Richard Thoman (in one of the actions) and the Company, as a nominal defendant. Another, now dismissed, putative shareholder derivative action was pending in the United States District Court for the District of Connecticut. Plaintiffs claim breach of fiduciary duties and/or gross mismanagement related to certain of the alleged accounting practices of the Company's operations in Mexico. The complaints in all three actions alleged that the individual named defendants breached their fiduciary duties and/or mismanaged the Company by, among other things, permitting wrongful business/accounting practices to occur and inadequately supervising and failing to instruct employees and managers of the Company. In one of the New York actions it is claimed that the individual defendants disseminated or permitted the dissemination of misleading information. In the other New York action it is also alleged that the individual defendants failed to vigorously investigate potential and known problems relating to accounting, auditing and financial functions and to take affirmative steps in good faith to remediate the alleged problems. In the federal action in Connecticut it was also alleged that the individual defendants failed to take steps to institute

appropriate legal action against those responsible for unspecified wrongful conduct. Plaintiffs claim that the Company has suffered unspecified damages. Among other things, the pending complaints seek unspecified monetary damages, removal and replacement of the individuals as directors of the Company and/or institution and enforcement of appropriate procedural safeguards to prevent the alleged wrongdoing. Defendants filed a motion to dismiss in one of the New York actions. Subsequently, the parties to the federal action in Connecticut agreed to dismiss that action without prejudice in favor of the earlier-filed New York action. The parties also agreed, subject to court approval, to seek consolidation of the New York actions and a withdrawal, without prejudice, of the motion to dismiss. On May 10, 2001 the court entered an order which, among other things, approved that agreement. The individual defendants deny the wrongdoing alleged in the complaints and intend to vigorously defend the actions.

A putative shareholder derivative action is pending in the Supreme Court of the State of New York, Monroe County against certain current and former members of the Board of Directors, namely G. Richard Thoman, Paul A. Allaire, B.R. Inman, Antonia Ax:son Johnson, Vernon E. Jordan Jr., Yotaro Kobayashi, Ralph S. Larsen, Hilmar Kopper, John D. Macomber, George J. Mitchell, N.J. Nicholas, Jr., John E. Pepper, Patricia L. Russo, Martha R. Seger and Thomas C. Theobald (collectively, the "Individual Defendants"), and the Company, as a nominal defendant. Plaintiff claims the Individual Defendants breached their fiduciary duties of care and loyalty to the Company and engaged in gross mismanagement by allegedly awarding former CEO, G. Richard Thoman, compensation including elements that were unrelated in any reasonable way to his tenure with the Company, his job performance, or the Company's financial performance. The complaint further specifically alleges that the Individual Defendants failed to exercise business judgment in granting Thoman lifetime compensation, a special bonus award, termination payments, early vesting of stock compensation, and certain transportation perquisites, all which allegedly constituted gross, wanton and reckless waste of corporate assets of the Company and its shareholders. Plaintiff claims that the Company has suffered damages and seeks judgment against the Individual Defendants in an amount equal to the sum of the special bonus, the present value of the \$800 thousand per year lifetime compensation, the valuation of all options unexercised upon termination, the cost of transportation to and from France, and/or an amount equal to costs incurred under the various compensation programs, cancellation of unpaid balances of these obligations, and/or cancellation of unexercised options and other deferred compensation at the time of his resignation, plus the cost and expenses of the litigation, including reasonable attorneys', accountants' and experts' fees and other costs and disbursements. On May 31, 2001 defendants filed a motion to dismiss the complaint. The Individual Defendants deny the wrongdoing alleged in the complaint and intend to vigorously defend the action.

Section 16(a) Beneficial Ownership Reporting Compliance

There was a failure to file Form 3, Beneficial Ownership Report, on a timely basis with the SEC as required under Section 16(a) of the Securities Exchange Act of 1934 on behalf of Herve J. Gallaire and Rafik O. Loutfy with respect to Incentive Stock Rights which were part of each of their respective initial holdings, and on behalf of Thomas J. Dolan with respect to his initial position in the Xerox Stock Fund. An amended Form 3 was filed as soon as the omissions were discovered; for Mr. Gallaire and Mr. Loutfy on March 8, 2000 and for Mr. Dolan on August 9, 2000.

INDEPENDENT AUDITORS

KPMG LLP acted as independent auditors of the Company for 2000 and continues to so act. KPMG is a member of the SEC Practice Section of the American Institute of Certified Public Accountants. Representatives of the firm are expected to be at the meeting to respond to appropriate questions and to make a statement, if they wish.

Fees Billed by KPMG

Audit Fees

The aggregate fees billed by KPMG LLP for audit services for the year ended December 31, 2000, including for reviews of the financial statements included in the Company's Quarterly Reports on Form 10-Q for such year, were \$11.3 million.

Financial Information Systems Design And Implementation Fees

KPMG LLP did not render any services related to financial information systems design and implementation for the year ended December 31, 2000.

All Other Fees

Aggregate fees billed for all other services rendered by KPMG LLP for the year ended December 31, 2000 were \$7.5 million.

Audit Committee Report

The responsibilities of the Audit Committee are discussed under "Committee Functions, Membership and Meetings" on page 4 and a copy of the charter of the Audit Committee is attached to this Proxy Statement as Exhibit A.

Management is responsible for the Company's internal controls and the financial reporting process. The independent accountants are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and to issue a report thereon. The Committee's responsibility is to monitor and oversee these processes.

Consistent with the foregoing the Audit Committee:

- . Reviewed and discussed the audited consolidated financial statements of the Company for the year ended December 31, 2000 with the management of the Company and KPMG LLP;
- . Discussed with KPMG LLP the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication With Audit Committees); and
- . Received and reviewed the written disclosures and the letter from KPMG LLP required by Independence Standards Board Standard No. 1 (Independence Discussions With Audit Committees) and discussed with KPMG LLP that firms independence.

The filing of the Company's 2000 Form 10-K was delayed in order to permit completion of an independent review by the Audit Committee of the Company's accounting policies and practices and a fuller audit review by KPMG LLP to satisfy its auditing responsibilities. The Committee engaged the law firm of Paul, Weiss, Rifkind, Wharton & Garrison, which engaged PricewaterhouseCoopers LLP, to assist in the review which was conducted with the full cooperation of KPMG.

Earlier the Audit Committee had conducted an independent review of the accounting issues which arose in the Company's Mexican operation. The Committee was aided in this review by the law firm of Akin, Gump, Strauss, Hauer & Feld, which engaged PricewaterhouseCoopers LLP to assist in such review.

As a result of these reviews, it was determined that certain accounting practices or the application thereof misapplied Generally Accepted Accounting Principles and certain accounting errors and irregularities were identified. The Company addressed the accounting errors and irregularities in its consolidated financial statements as at December 31, 2000 and for the three year period then ended.

Based upon the foregoing review and discussions, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2000 for filing by the Company with the SEC.

PROPOSAL 2 -- SHAREHOLDER PROPOSAL REGARDING DISCRETIONARY VOTING

Mr. George W. Withrow, P.O. Box 1491, Fort Benton, Montana 59442-1491, who states that he owns 1,200 shares of the common stock of the Company, has indicated that he will cause a resolution to be introduced from the floor. The text of the proposal and the supporting statement submitted by Mr. Withrow is as follows:

WHEREAS, the common practice of designing a proxy which automatically, when signed by the shareholder, grants authority to cast that shareowner's vote on "such other business as may properly come before the meeting or any adjournment thereof" is an assumption that is completely unwarranted. Such votes should be cast according to the best judgement of the shareowner, not that of the designated corporate representative.

RESOLVED, that shareholders direct the Board of Directors of the Corporation to delete any such automatic assumption of the shareowners' prerogatives from all future proxy forms used by the corporation.

SUPPORTING STATEMENT

"Corporate proxy voting is primarily for the benefit of the corporation. Few companies would be able to attain a quorum and qualify to conduct business without it. I appreciated the opportunity to participate in the important decisions of the corporate board.

However, I believe the corporate proxy vote should be restricted to those items specifically authorized by the shareholder.

The now common practice of assuming that signing the proxy automatically confers the authority to act on "such other business as may properly come before the meeting or any adjournment thereof" is, in my opinion, totally unacceptable. I, at least, have no intention of granting it to persons whom I do not know.

Presumably this authority is seldom used. That, however, does not justify usurping the shareholder's rights.

I have no objection if that request for authority is listed as a regular item on the proxy so that the shareholder has the power to approve or disapprove it."

BOARD OF DIRECTORS' RECOMMENDATION

The form of voting instruction and proxy card used by the Company to solicit proxies from shareholders grants the named proxies the authority to vote in accordance with instructions given by the shareholder on the voting instruction and proxy card and otherwise in accordance with the best judgment of the named proxies in connection with such other business as may come before the meeting. Your Board of Directors believes that the discretionary authority provides the Company, through the named proxies, with an important mechanism for ensuring the orderly and efficient conduct of shareholders' meetings and, at the same time, does not abrogate shareholder rights because of significant restrictions placed by the SEC on the discretionary authority that may be accorded to named proxies in the voting instruction and proxy card.

Generally, the SEC proxy rules limit the use of discretionary authority to vote for matters not specified in the voting instruction and proxy card to matters incident to the conduct of the meeting, shareholder proposals unknown to the Company and shareholder proposals properly omitted from the proxy statement. In addition, the rules permit the grant of discretionary voting when a bona fide nominee is named in the proxy statement and the nominee is unable to serve or for good cause will not serve.

Supporting the limited nature of the grant of discretionary voting authority is the statement set forth below under "Other Actions at Meeting" which has always appeared in the Company's proxy statements: "The Board of Directors does not intend to present any other matters at this meeting. If other matters properly come before the meeting, the persons named in the accompanying proxy intend to vote the proxies in accordance with their best judgment."

We believe that the grant of discretionary voting authority to named proxies in respect of the limited matters provides the Company with an important mechanism to deal with issues that may arise in the course of a meeting. In addition, we believe that the SEC rules impose reasonable limitations on the exercise of discretionary authority by us, through the named proxies. By retaining the authority for discretionary voting the conduct of the meeting is facilitated while at the same time the interests of shareholders are protected by the limitations imposed by the SEC rules.

In light of the foregoing, your Board believes that the actions proposed by the shareholder proponent are unnecessary and could unduly impede the orderly conduct of the meeting.

To be adopted, the proposal must be approved by a majority of the votes cast.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE AGAINST THE PROPOSAL.

OTHER MATTERS

Other Actions at Meeting

The Board of Directors does not intend to present any other matters at this meeting. The Board has not been informed that any other person intends to present any other matter for action at this meeting. If any other matters properly come before the meeting, the persons named in the accompanying proxy intend to vote the proxies in accordance with their best judgment.

Information About this Solicitation of Proxies

In addition to the solicitation of proxies by mail, certain of our employees may solicit proxies without extra remuneration. We also will request brokerage houses, nominees, custodians and fiduciaries to forward soliciting material to the beneficial owners of stock held of record and will reimburse such person for the cost of forwarding the material. We have engaged D.F. King & Co., Inc. to handle the distribution of soliciting material to, and the collection of proxies from, such entities. We will pay D.F. King & Co. a fee of \$10,000 plus reimbursement of out-of-pocket expenses for this service. We will bear the cost of all proxy solicitation.

Confidential Voting

As a matter of policy, we keep confidential proxies, ballots and voting tabulations that identify individual shareholders. Such documents are available for examination only by the inspector of election and certain of our employees and our transfer agent

who are associated with processing proxy cards and tabulating the vote. The vote of any shareholder is not disclosed except in a contested proxy solicitation or as may be necessary to meet legal requirements.

You may revoke your consent at any time upon written request with your name, the name of your brokerage firm and your account number to Householding Department, 51 Mercedes Way, Edgewood, NY 11717.
